Memorandum

TO : SAC, JACKSON (157-2444) (C)

DATE: 5/22/72

FROM : STENO CHARLOTTE L. MALONE

SUBJECT: RALEIGH JACKSON GLOVER
EM (KLAN)

The following is a correlation of information re subject as located in serials 400 through 420, which serials may be destroyed:

Serial 400 On 3/24/69, [FOIA(b)7 - (D)] advised that on 3/4/69, DON WILKINSON, E. D. MORACE and RED GLOVER met on the levee at Vidalia, La., and tested the devices that E. D. MORACE had made to fire the Minutemen pamphlets. GLOVER had not been able to obtain any black powder and DON WILKINSON suggested that they use cherry bombs which was subsequently done. The can was fired into the air approximately 300 feet; however, upon regaining the can it was noted that it was cramped in by the charge and would have to be partially split open so as to scatter the material when the charge inside went off. GLOVER had also promised to obtain dynamite fuse but had either not been able to or had not been willing to. On 3/21/69, MORACE and WILKINSON went in WILKINSON's pickup truck to see NORMAN HEAD and were unsuccessful. They then went to the Bar-B-Que Pit located at Natchez and held a long conversation with RED GLOVER, in which WILKINSON made the statement that GLOVER seemed to be getting to be a "Christian". MORACE stated he has not seen GLOVER since the night of the testing approximately two weeks before. Source stated GLOVER is living with his stepson by the last name of WATTS, who has just moved to Vidalia, La., exact address unknown, Natchez telephone # 442-3078.

Serial 405 On 4/8/69, [FOIA(b)7 - (D)] advised that on 4/6/69, DON WILKINSON was heard to say that he had collected money from JEWEL LEE BURT, E. L. LEWIS, C. B. TODD, JOHN BOSTICK, RED GLOVER, E. D. MORACE, SONNY TAYLOR, and was going

to send along with his own dues that amount to the Minutemen Headquarters located in Kansas City. On 4/1/69, WILKINSON left word for RED GLOVER to meet him at E. L. "TINY" LEWIS' Bar-B-Que; however, GLOVER did not show up and WILKINSON is rather upset, inasmuch as GLOVER has been rather uncooperative, particularly involving the Psy-War Project and other items within the Minutemen framework.

Serial 406 On 4/15/69, [FOIA(b)7 - (D)] advised on 4/12/69, GLOVER and JEWEL LEE BURT brought to the residence of DON WILKINSON approximately 14 sticks of dynamite marked "ditching dynamite" on the sides. The dynamite was in an old yellow plastic bag and at time of delivery to WILKINSON, WILKINSON looked at it and told GLOVER that the dynamite was old because it had apparently "leaked" although the underside of the dynamite sticks were dry. When BURT and GLOVER prepared to leave WILKINSON inquired as to their destination and GLOVER indicated he was returning to Kentwood, La., to his residence. On 4/14/69, E. D. MORACE and GLOVER came to WILKINSON's residence and advised they were en route to Woodville, Miss., to check on GORDON VINE, who is an old member of the White Knights of Wilkinson County. VINE was shot in a hunting accident, and GLOVER and MORACE were en route to determine if the shooting was accidental and also the status of VINE's condition. On 4/14/69, DON WILKINSON was told by RED GLOVER that he is still living at Kentwood, La., on weekends and is coming up on Sundays and working during the week and returning. WILKINSON believes that GLOVER is afraid that someone is trying to "rat on him" because he is apparently moving all of his stuff such as guns and dynamite out of the Natchez area. Approximately three weeks ago, GLOVER had several guns in the back end of his car and told WILKINSON they were his guns but did not indicate from where they came nor where he was taking them.

Serial 409 On 5/1/69, [FOIA(b)7 - (D)] advised RED GLOVER allegedly went back to Centreville, Miss., to visit GORDON VINES, who is in the hospital as a result of an accidental gunshot wound.

JN 157-2444

While there, he allegedly saw a local law enforcement officer or former law enforcement officer by the name of DUB JETER who is a welder at the paper mill. Source advised DON WILKINSON was speaking with GLOVER and his wife last week and GLOVER told WILKINSON that he is maintaining his permanent residence in Kentwood, La., due to a tax situation and finds it easier to get out of paying taxes than, if he were living in Miss. He told WILKINSON that this is the reason he is not living in any one place during the week at Natchez and returns to Louisiana on weekends. GLOVER contacted WILKINSON on 4/24/69, and went to see him late that night but WILKINSON had to work and said he would see him the next morning. GLOVER did not show up, however, and has not been back in touch to set up an appointment. GLOVER did not state what the purpose of the meeting was.

Serial 415 On 5/27/69, [FOIA(b)7 - (D)] advised that on 5/3/69, E. D. MORACE and RED GLOVER called on DON WILKINSON from TINY LEWIS' Bar-B-Que Pit and requested him to come over. They held a discussion concerning the integration of schools in Louisiana.

Serial 419 On 6/9/69, [FOIA(b)7 - (D)] advised RED GLOVER contacted DON WILKINSON on 6/6/69, and advised him that E. D. MORACE wanted to see him, probably in connection with the integration plans in the Louisiana schools. GLOVER has moved back to Natchez and is living in a small house in back of a large house located at Rankin and Oak in Natchez. He continues to drive his green 1964 Ford pickup with steel sidebars to work and his wife, POLLY, is presently employed at Wilson Drug Store in Natchez.

Re New Orleans letter to Bureau dated May 29, 1969, FD-306 of [FOIA(b)7 - (D)] dated June 5, 1969, and FD-306 of [FOIA(b)7 - (D)] dated May 27, 1969.

In view of the fact that a summary report on the subject was due to the Bureau when origin was changed from Jackson to New Orleans, the Jackson Division will submit a summary report on the subject.

Investigation at Natchez, Mississippi as well as contacts with [FOIA(b)7 - (D)] and [FOIA(b)7 - (D)] continues to indicate that the subject maintains a residence at Kentwood, Louisiana, on a permanent basis and sporadically moves around at Natchez, Mississippi. Investigation at Natchez indicates that the subject's wife, POLLY, was working at Wilson's Drug Store, Natchez, Mississippi, but has quit her job and moved back to Kentwood, Louisiana. The subject told [FOIA(b)7 - (D)] on 6/14/69 that he was going to move back to Kentwood, Louisiana, with her. Further physical observation of the subject's 1964 Oldsmobile on 6/10/69 results in the noting that the automobile bears Louisiana license 23L289 which is registered to the subject at Route 3, Kentwood, Louisiana.

Therefore, New Orleans should consider the security index and agitator index matters on the subject inasmuch as the subject maintains a permanent residence in Louisiana and does return to that residence.

MINUTEMEN ACTIVITIES

On 6/9/69 DON WILKINSON has reportedly been attempting to collect dues from various members of the Minutemen. He contacted TINY LEWIS at the barbeque pit today and at that time LEWIS advised him that he is to begin to do some writing for a newspaper being put out by the White Citizens Council. The newspaper will deal mostly with integration and integration problems in Mississippi and the South but LEWIS does not want to discontinue his Minutemen membership.

RALEIGH JACKSON GLOVER

RED GLOVER contacted DON WILKINSON on 6/6/69 and advised him at that time that E. D. MORACE wanted to see him. WILKINSON has been heard to say that he is not sure why MORACE wants to see him but it probably has something to do with the integration problems in the Louisiana schools. RED GLOVER has moved back to Natchez, Mississippi, and is living in a small house in back of a large house located at Rankin and Oak in Natchez, Mississippi. He continues to drive his green 1964 Ford pickup with steel sidebars to work and his wife POLLY is presently employed at Wilson Drug Store in Natchez, Mississippi.

JEWEL LEE BURT

BURT has gotten out of the hospital at Natchez, Mississippi, but has presently not returned to work. DON WILKINSON contacted him on 6/6/69 regarding the possibility of moving the primer cord from the grave yard to BURT's house. However, although BURT was willing, WILKINSON did not pick up the primer cord due to the fact that there were too many people around the place where it is stored and he plans to return and get it at another time.

JOE LEE HARDY

JOE LEE HARDY continues to act like the whole world is against him and will not talk to any of his former friends in the Klan or at the mill. He has not been seen working at the paper mill lately, but it is believed that he does still work there.

MISCELLANEOUS

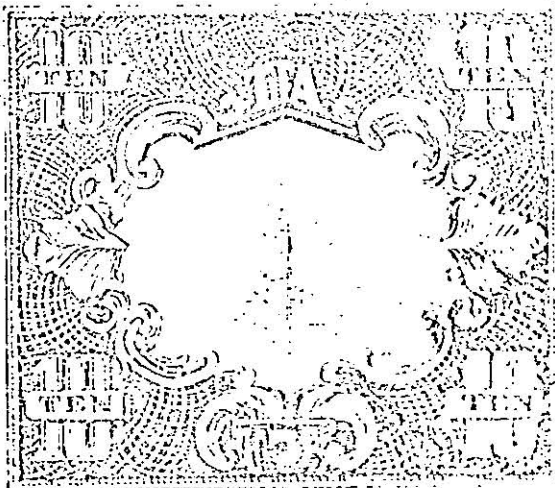

BOB ANDERSON was overheard to say to DON WILKINSON that he thinks that REGGIE CARTER informed for the FBI and that was what was the cause of the breakup of the Klan Unit No. 800. CHARLES DAVIDSON, however, who is a member of this unit, by talking so much to Chief of Police J. T. ROBINSON regarding the theft of the tires and subsequent sale to other people, has alienated quite a few of his former Klan members and is not welcome around them. They appear not to trust him in any way and will not have anything to do with him.

The only two known Klansmen who presently reside in Jefferson County, Mississippi, are JEWEL LEE BURT and BULL MANGUM. MANGUM, however, is not active in any unit insofar as it is known, although BURT does continue to be an active member of the Minutemen.

PAUL S. CREECH, 32 Maplewood Lane, Natchez, Mississippi, has been asking DONALD WILKINSON if he will accept him into the Minutemen. CREECH attempted to join the Klan some years ago but was turned down apparently for personal reasons within the Klan membership, inasmuch as CREECH is a difficult person to get along with. WILKINSON has apparently made no definite decision as to what he will do with CREECH.

The entire paper mill and Armstrong Tire Company are talking quite a bit about the upcoming Inaugural ball of CHARLES EVERS at Natchez, Mississippi. At this time no demonstrations or anything out of the ordinary is being planned, however, due to the recent friction between J. T. ROBINSON and certain members of the Klan, CHARLES DAVIDSON and others, it is possible that they might attempt to burn a cross or some other item along this line.

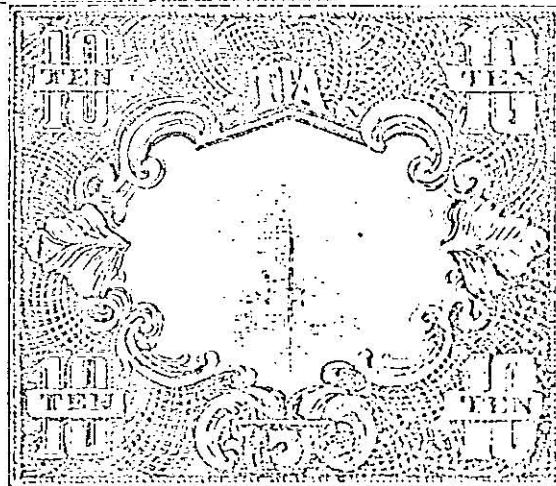

On 6/5/69 DON WILKINSON received a packet of Minutemen materials postmarked Kansas City, Missouri, on 6/2/69 at 3:00 a.m. The following is a sample of each of those items received :

(Back)

The Minutemen are a national organization of patriotic Americans who are preparing themselves as a last line of defense against communism. To many people this may seem ridiculous. 'What good', they might ask, 'could a bunch of amateurs do if the might of the professional Armed Forces are defeated or rendered helpless?'

To answer this question we quote the 1960 Annual Report of the Committee on Un-American Activities, as follows:

'Events of the past year have provided convincing evidence that the American people cannot rely completely on this country's Armed Forces to protect themselves from communist domination and slavery. This is not because our military forces lack the power or the will to defend this country, but rather because the nature of the attacks being made on the United States by its major and only significant enemy are so designed as to render conventional military forces as ineffective as possible for defense purposes.'

Starting from nothing 44 years ago, communism now rigidly controls one-third of the human race and has subverted to varying degrees the remaining two-thirds. In the past 20 years the communists have conquered 20 sovereign nations; one by armed conquest and 19 by internal subversion or negotiation.

There is not one of these countries in which the communists rule by the consent of the people. Everywhere they must perpetuate themselves by terror. They remain in power only through the use of the most brutal police state tactics.

The communists consider their party workers not simply as an necessary to armed conquest but as the actual spearhead of any invasion into new territory. From this point of view the United States was invaded by Soviet troops more than 30 years ago. It has been authoritatively estimated that the communists now have an army of 500,000 combatants already landed on American shores and already working by the most insidious means to destroy our American way of life.

The cold war is very real. It must be fought and won. The only alternative is to lose and to lose means that future Americans for generations to come must live in terror and in slavery. Appeasement is futile. We cannot bargain with barbarians who never have and never will know the meaning of honesty.

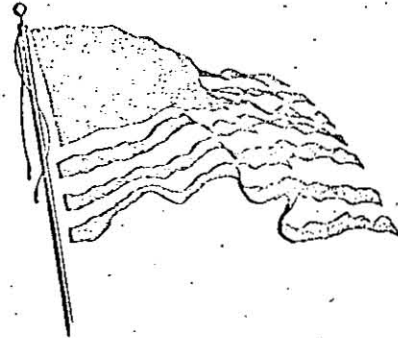

Communism must be defeated, not merely resisted. We must rid our country of traitors and fellow travelers. We must embark on a massive offensive turning every communist trick— from propaganda to infiltration— against our mortal enemy. This is the one and only way to win the struggle for survival.

SILVER DOLLAR GROUP and MINUTEMEN

There have not been any meetings or activity by the Ferriday - Natchez Unit of the Minutemen during the past week.

On 6/3/69, KENNETH NORMAN HEAD contacted E. D. MORACE at the Ford Garage, Ferriday, La. HEAD said R. J. GLOVER had sent word for MORACE to stay close to home on Sunday morning, 6/8/69, as he had plans for some of the men to get together. MORACE told HEAD he bet GLOVER planned for SDC members to go with him to Kentwood, La., or Woodville, Miss., to impress his friends or members there.

MORACE showed HEAD the explosive container he had build and asked HEAD to tell R. J. GLOVER to bring his post hole diggers to him so he could bury the container.

HEAD took MORACE to his pickup truck, which was a welding truck owned by HEAD's employer, New and Hughes Oil Co. On the front seat of the truck under some coveralls HEAD took a carbine rifle which had a switch on the side showing

it could be operated as an automatic. This rifle instead of having a stock had a pistol grip stock which was stamped as if it was a manufactured stock and not a regular stock cut off. The end of the barrel had been cut off about two inches behind the forearm. The overall length of the weapon appeared to be thirty inches. HEAD called the weapon an "alley sweeper". HEAD had two clips, a long clip holding 30 rounds and a smaller fifteen round clip.

CHESTER COKER

CHESTER COKER continues to live at the same address at W at Winnsboro, La. and is believed to still be selling insurance. COKER.

COKER had in the past exhibited a propensity for violence.

In about 1964, when COKER was the state investigator for the OKKKK, he sent word to the Ferriday Unit to furnish a wrecking crew to take care of a Negro preacher who lived at Oak Grove, La. COKER talked to E. D. MORACE the investigator for the Ferriday Unit of the OKKKK, and told him a man would be waiting at Oak Grove, to show them the Negro's residence. COKER told MORACE he wanted the man "whipped up", but not killed.

MORACE took PETE WADELL, aka Ray Williams, HANK HOWINGTON, SCOTTY WRIGHT, and JAMES SCARBOROUGH with him. The trip was almost help up when WADELL cut himself while making a double strap whip from a cotton gin belt. Upon arrival at Oak Grove, an unknown man met the group and showed them the Negro's house, which was only two blocks from the bank. The whipping was not accomplished because a highway

patrol car and a police car were parked nearby. MORACE later telephoned COKER and told him it looked too much like a trap.

JAMES HORACE TAYLOR

JAMES HORACE TAYLOR continues to work in South Louisiana much of the time, but is home weekends. TAYLOR sold his small house trailer and land where he has lived at Harrisonburg, Louisiana. He purchased a large trailer and has it parked between Harrisonburg, and Jonesville, Louisiana.

MINUTEMEN AND SILVER DOLLAR GROUP

On 5/24/69 R. J. GLOVER and KENNETH NORMAN HEAD contacted E. D. MORACE at the Ford Garage, Ferriday, La. They stated they were making the rounds visiting SDG members. GLOVER mentioned he had been to see JAMES SCAROBROUGH. GLOVER asked to see the box MORACE was building to store explosives and MORACE showed him the box, which was completed. GLOVER was very impressed and said they needed another box just like it.

GLOVER said he has a friend who runs a store at Kentwood, Louisiana, and an FBI Agent had been to the store asking questions about him, GLOVER. According to GLOVER, his friend ran the Agent off. GLOVER asked MORACE to accompany him to Kentwood, Louisiana, soon to visit some of GLOVER's friends there.

GLOVER gave MORACE two pieces of Minutemen literature, which he said Minutemen Network Commander DON WILKENSON sent by him to MORACE. [REDACTED]:

On the night of 5/29/69, E. D. MORACE met SDG member TOMMIE LEE JONES at the Moose Club at Natchez, Mississippi. JONES said that GLOVER had visited him earlier that day and MORACE told JONES that GLOVER was visiting several SDG members. JONES asked MORACE what was between GLOVER and JAMES F. LEE as GLOVER does not trust LEE. GLOVER feels that LEE takes off from work too much and always has money. MORACE told JONES that the last time GLOVER mentioned LEE to him he trusted LEE.

BLUE HOLLOWAY of Natchez, Mississippi, suffered a severe heart attack about ten days ago, and is now at Jefferson Davis Hospital in Natchez. HOLLOWAY may never be able to work again.

MINUTEMEN ACTIVITIES:

On May 3, 1969, E. D. MORACE, and RED GLOVER called on WILKINSON from Tiny Lewis' Barbeque Pit and requested him to come over. WILKINSON came over and at that time a discussion was entered into among the three men concerning the integration of schools in Louisiana. E. D. MORACE advised that he wanted to burn down the schools in Vadilia and Ferriday, Louisiana, but DONALD WILKINSON stated that since he was an explosive and demolitions expert he suggested that they blow up the schools instead of burning them down. After much discussion it was decided that E. D. MORACE would conduct an informan survey of the people in the Vidalia and Ferriday, Louisiana area in order to determine how the people felt about the school situation and report back so that a final plan of action could be conducted.

At the conclusion of this conversation CHARLES D. SMITH and JOHN BARBER came into the barbeque pit and were overheard talking with the aforementioned group, at which time JOHN BARBER was overheard to say that he had heard there was a Black Panther meeting being conducted at that time in a church in Natchez, Miss. The group decided they would go do something about, but nothing was done, other than talking. JOHN BARBER, CHARLIE SMITH, E. D. MORACE and DON WILKINSON wanted to go find out exactly what was going and who was there, but just about the time they decided to go RED GLOVER decided that he had to go back to Louisiana because of committments over there.

At that time WILKINSON, SMITH, and BARBER began discussing the arrest of CHARLES DAVIDSON for the theft of the tires from Armstrong Tire and Rubber Company. At that time DAVIDSON told WILKINSON that J. T. ROBINSON, Chief of Police, Natchez, Mississippi, has a list of names of former KKK members and is planning to carry out a harassing campaign against them. SMITH told WILKINSON

that his, WILKINSON's, name is right up near the top and he might as well get ready for some problems from ROBINSON. The group was overheard to discuss various ways of creating problems for ROBINSON, but no definite conclusion was come to and no plan of action was settled upon.

JOE LEE HARDY:

JOE HARDY was seen talking to DON WILKINSON on two various occasions and on one occasion was overheard to tell WILKINSON that he knows who furnished the information on him, stating that it was "a Catholic". HARDY is still working at the paper mill and at the present time is not very friendly towards the individuals out there.

JEWELL LEE BURT:

JEWELL LEE BURT recently went into the hospital located at Natchez, Mississippi and had his missing hand operated on once again. At the present time he is looking for a place near his home to store the explosives furnished to DON WILKINSON by RED GLOVER, but has not located one as yet.

UNSUB; D. R. NETTERVILLE - VICTIM:

It is not known who might be the person that made the telephone call to Mrs. NETTERVILLE regarding the riding of her son with a Negro soldier from Fort Polk, Louisiana.

SILVER DOLLAR GROUP:

The Silver Dollar Group (SDG) continues to be an informal organization with no dues or meetings. Meetings

are not called nor attended and there is no action being undertaken by any members of the group as far as the group is concerned at this time.

MISCELLANEOUS:

C. B. TODD and JOHN BOSTIC continue to be members of the Minutemen; however, do not express any particular desire to cooperate in any Minutemen activities. TODD continues to believe that his wife is running around on him and has approached several of the members of the Minutemen organization to "beat up" the man he believes is running around with his wife. DON WILKINSON is apparently rather upset with TODD because of this attitude and has told TODD in no uncertain terms that there will be none of this goings on by the Minutemen.

On May 14, 1969, DON WILKINSON received material from Minutemen headquarters post marked May 12, 1969, at El Paso, Texas. The materials are set out as follows:

FROM: National Coordinator

Fellow Patriots:

As surveillance in Missouri becomes more acute it is increasingly difficult for that office to get organizational mail sent out without risk of interception. During the past year that effort has required an average of 2,300 miles driving per month to slip a few letters at a time into corner mail boxes over a wide area. This is only one part of the effort which that office is making to protect our members' security. So far, I think their efforts have been generally effective but the problem grows more difficult and more expensive every month. Still the big danger to security is not in the mail you send to them-- it is in the mail they send to you.

On the other hand, it is difficult for the Underground H.Q. to send out any large volume of mail without giving away at least the general area in which we are located. So far, by deceptive measures we have succeeded in convincing the FBI that we are in a part of the country far removed from our actual location. We want to keep it that way.

As a compromise, we are adopting the following policy:

From our general membership we have selected a certain number of members whom we feel have the greatest future potential for service to the organization and the cause we are working for. You have been included in this select list which will be further expanded as circumstances permit.

Each month we will send from the Underground H. Q. directly to you ALL books, bulletins and similar material. It will no longer be necessary for you to order the individual items you want.

Our most recently printed book, "Incendiary Techniques and Devices", is enclosed with this bulletin. I'm sure you will find it worth careful study.

This book will not be of immediate value to everyone that receives it. However, as our Networks continue to expand-- to include greater varieties of skills as well as assignments this information will be needed-- make sure you still have it available when that time comes.

It is much more difficult for us to get this material to you than you might imagine. For example it is too dangerous to buy the amounts of paper we require anywhere near our base of operations. It is very expensive to send a courier several hundred miles to buy paper and hundreds of miles more to mail these bulletins and books from a safe area.

Almost every person who has joined the full time underground during the past year has remarked at one time or another, that when they received similar material in the past they would never have dreamed how much work, time and money was required for its production and distribution.

We will simply hope that the people assigned to this special status will be able to send an average monthly contribution sufficient, not only to cover the material we send you, but also to help as much as possible with our many other expenses. Untill further notice you can send the contributions to Biolab, P.O. Box 68, Norborne, Mo. or to American Fr Rallies, P.O. Box 1195, Kansas City, Mo.

On the inside envelope you can use the return address: Occupant, P.O. Box 57, Independence, Mo.

To improve the security of your own mail you should stop using all ID numbers assigned to you in the past. Use instead the initials--

W.A.M.

If you will avoid fingerprints on the inside of the envelopes in which you send your contributions (send cash only) and use only your new identification initials, then the personal identity of those in this special group can be protected.

Information of your contributions will be sent by coded radio to our Underground H.Q. It will not be possible for us to acknowledge receipt of each contribution but every few months we will review these receipts and send you a summary so you will know they are being received safely.

As this system becomes fully functional we will (if finances permit) begin sending each Network Director sufficient material for the other members of their networks so as to extend this improved security to them also.

Untill our new communication system is complete, we will augment it as needed by sending you numbered questions which you can answer by mail, phone or as otherwise directed on each occasion.

It is hard to say how much longer these fragile lines of communications will be open, so please send all the financial help you can while it is still possible to do so.

Much of our time during March and April was spent in moving the location of our underground headquarters. As a result we were not able to make meeting tapes for those months. The May meeting tapes are now in production and will be mailed out at the first opportunity to those who have ordered them.

Sincerely,

Bob DeLoach

R. J. GLOVER of Natchez, Mississippi, contacted E. D. MORACE at Ferriday, Louisiana, on May 8, 1969. GLOVER said he had attempted to make contact with MORACE on the night of May 6, 1969, but could not locate MORACE. GLOVER said when he reached the place where he and his wife are staying in Natchez, that night his wife said two men had been there to see him and that it was important. GLOVER said he later found out who the two men were and that it was not urgent. GLOVER indicated one of the men may have been DON WILKENSON.

GLOVER talked of the situation at Natchez and of the man who was arrested by the police there recently for speeding and was found to have stolen tires on his car. This man called a good Klansman named WHITE at the Armstrong Tire Company and also got a foreman at the plant who sold the tires in trouble. GLOVER said this same man was closely associated with JOE HARDY, who was arrested for having a stolen car motor in his possession so he may be working with the "Feds." GLOVER said the "Feds" work that way and will arrest two or three people just to get at one person they want.

JAMES LEE SCAROBROUGH

JAMES LEE SCAROBROUGH continues to live at 322 Iowa Street, Ferriday, Louisiana, although some weeks during the week he stays in a house trailer at Gilbert, Louisiana, as his two children are going to a school there to escape an integrated school. SCAROBROUGH continues to work at International Paper Company, Natchez, Mississippi. SCAROBROUGH is not a member of any Klan group since he dropped out of the Minutemen about ten months ago.

BILLY LOUIS WOOD

Source does not know BILLY LOUIS WOOD to be active in any Klan group at this time. WOOD is not a member of the Minutemen or Silver Dollar Group and since the Klan is inactive, WOOD is inactive in the Klan. The White Knights of the Ku Klux Klan of Mississippi (WKKKKOM) have been inactive in the Natchez, Mississippi, area for over 18 months.

SILVER DOLLAR GROUP AND MINUTEMEN

On May 3, 1969, Saturday, about 2:00 PM, R. J. GLOVER picked up E. D. MORACE at MORACE's home in Vidalia, Louisiana. The two men drove to the Barbeque Pit, Natchez, Mississippi, as GLOVER had not eaten lunch. After they arrived, GLOVER made two telephone calls to men to join them. GLOVER then told MORACE that DON WILKENSON would be joining them soon and, before he arrived, he wanted to tell MORACE that they might burn crosses that night at Natchez, Mississippi, but the crosses were not yet built.

GLOVER said he had tested DON WILKENSON three times, and WILKENSON was okay, but the project to burn crosses was a Klan project and, since WILKENSON was not a member, he did not want to discuss it in front of him. When WILKENSON arrived, GLOVER asked if WILKENSON had received information on the "Big Project" from Minutemen headquarters. WILKENSON said he had written, but all he received was one piece of literature.

WILKENSON told GLOVER that the Black Panthers were meeting that night in a church at Natchez, and GLOVER said he knew they had met the week before in the same place. GLOVER wanted to go to the place and take action against the Black

Panthers, but WILKENSON opposed the idea. WILKENSON told GLOVER that the night before, when he and GLOVER had been in a club in Natchez drinking that, right after GLOVER left, a Negro had entered the place but soon left. GLOVER said the "Feds" were probably outside watching.

CHARLES D. SMITH, who works at Armstrong Tire Company, arrived and joined the three men. WILKENSON went to the rest room, and SMITH said that, while he was gone, he wanted to tell GLOVER that he had called the "Big Man" and was told not to burn crosses that night. Then, if the Negroes riot that night, they cannot say it was incited by the Klan's burning crosses. SMITH told GLOVER he had something else to tell him, but he saw WILKENSON returning to the table so would tell him at work.

After WILKENSON returned to the table, the men discussed the Black Panthers. SMITH had heard they were meeting. E. D. MORACE later told a friend that there probably were not any Black Panthers, as GLOVER and SMITH thought any Negro group was a Black Panther or Black Muslim group.

A few minutes later, a white male joined the group. This man is about 35 to 40 years old, five feet eight inches tall, 140 pounds, with brown hair, a slender face, and high

cheekbones. The man lives near to the Barbeque Pit and used to drive a Toms Peanuts truck. The man talked of a Klansman named DAVIDSON who had been arrested by the Natchez Police Department for stealing four tires. It was later determined that the tires had been stolen by another employee and sold to this man. According to DAVIDSON, J. T. ROBINSON, Chief of Police, Natchez, has a list of Klansmen and is very hard on them when they happen to be arrested. The former Toms Peanuts driver said someone should bomb ROBINSON. GLOVER laughed and said, "Give me time." No plan to bomb ROBINSON was made.

After the meeting broke up, GLOVER took MORACE home. He told MORACE to build him two iron crosses out of 5/8 inch iron rods and to make the crosses with a foot piece a foot up from the bottom so the crosses could be shoved into the ground and not be blown over by the wind. GLOVER said he would get burlap sack and kerosene to use on the iron crosses. MORACE said he would get to work on the project.

On May 3, 1969, while DON WILKENSAN and E. D. MORACE were talking, MORACE explained to WILKENSAN the possible school situation in Concordia Parish, Louisiana. He asked WILKENSAN about the Minutemen helping the Klan in the event trouble came. WILKENSAN said to give the Klan all the help

needed but that MORACE, as Squad Leader for Louisiana, would have to handle it, as he, WILKENSAN, could not meet with Klan members in Louisiana.

JAMES ALLEN LANE

Source inquired of E. D. MORACE, Squad Leader for Louisiana, of Minutemen Unit 1733, Ferriday, Louisiana-Natchez, Mississippi, if that unit was aware of JAMES ALLEN LANE of Morgan City, Louisiana. MORACE said Unit 1733 was not aware of LANE or any Minutemen activity in the Morgan City area. MORACE said that two or three years ago any individual could get on the Minutemen mailing list by just writing Minutemen headquarters.

SILVER DOLLAR GROUP AND MINUTEMEN

On April 10, 1969, R. J. GLOVER of Natchez, Mississippi, contacted E. D. MORACE at the Ford Garage, Ferriday, Louisiana, where MORACE works. GLOVER said he was restless and could not sleep this day, although he is working nights. He stated he was trying to see KENNETH NORMAN HEAD, but was unable to locate him. GLOVER said he would be by to see MORACE soon and bring him something to keep.

During the early evening of April 12, 1969, R. J. GLOVER drove up to the MORACE house in Vidalia, Louisiana. GLOVER asked for his M-2 Carbine which he had left with MORACE about two weeks previously. MORACE went into his house and returned with the carbine. GLOVER and MORACE went to GLOVER's old Ford pick-up truck and obtained a cardboard box from the front seat of the truck. GLOVER said there was lots of dynamite in the box and that MORACE was to keep it safe and not to drop or jar it.

The cardboard box had printing on it, showing it originally held General Electric Sealed Beam Lamps. A shipping tag on the box showed it had at one time been shipped by NAPA, Memphis, Tennessee, to Genuine Parts Service, Vicksburg, Miss., for Fayette, Mississippi. MORACE later confided to a friend that the box was, no doubt, the property of JEWEL BURT, as he thought BURT was from Fayette, and BURT has recently promised GLOVER some dynamite.

Inside the box were two cellophane bags, a clear one and a green-colored one. Inside of the clear bag were seventeen sticks of dynamite and the green bag contained twenty-one sticks of dynamite. All of the dynamite sticks were identical in appearance and printed on each stick were the words, "Hercules Ditching Dynamite." Each stick was about eight inches long and one-inch in diameter and the outside waxlike paper on each stick was a faded light brown color.

GLOVER told MORACE he might go to Kentwood, Louisiana, to spend the weekend but his wife could not get off from her job at a drug store on Franklin Street in Natchez, Mississippi. GLOVER said he could be reached in Natchez at the home of his relatives with whom he is living, JAMES WATTS, telephone 442-3078, and SMITH, telephone 442-3154.

On Monday, April 14, 1969, GLOVER drove up to MORACE's house about 6:00 PM and asked MORACE to accompany him on Silver Dollar Group business. The two men entered GLOVER's car and drove to Natchez, Mississippi, and southward 35 miles to Woodville, Mississippi. At Woodville, they turned eastward about 15 miles to Centreville, Mississippi. On the way GLOVER told MORACE that one of the SDG members had been shot and was in the hospital in Centreville and he needed to check into it to see if they should revenge the shooting. The two men entered the hospital and GLOVER introduced MORACE to a brother of the wounded man and a tall man who was previously a deputy sheriff at Woodville.

The brother of the wounded man told GLOVER his brother was shot in the head and side by a neighbor while hunting turkey on April 13, 1969, or April 14, 1969. He said the shooting was an accident and no revenge was necessary. GLOVER then told MORACE that the wounded man was a member of the Silver Dollar Group as was his brother, and the former deputy. At that time, both the brother and the former deputy exhibited silver dollars to MORACE.

The former deputy is a white male, age 36 or 37; 6'1", 225 lbs, and with brown hair. The brother of the wounded man is a white male, 5'8 or 5'9"; 230 lbs, stocky build, with brown hair and a dark complexion. Either the former deputy or the brother lives in a house, which is the third house on the right from a service station on the right, turning east on the Centerville road in Woodville. Turning off of Highway #61 in Woodville eastward, the above-mentioned service station is immediately on the right side.

While at the hospital, GLOVER asked about the finances of the man who was shot. GLOVER said that both this man and his brother worked with him at the Armstrong Tire Co. in Natchez. GLOVER asked MORACE if he had twenty dollars and MORACE gave GLOVER a twenty-dollar bill. GLOVER took a one-hundred dollar bill from his own billfold and gave the wife of the wounded man the one-hundred and twenty dollars. GLOVER said he would not have had the money except he obtained a loan from the credit union to pay off his debts.

ATTEMPTED BOMBING OF NEGRO MASONIC LODGE,

LAUREL HILLS, LOUISIANA, FEBRUARY 28-29, 1964.

On the way back to Vidalia, Louisiana, GLOVER talked of what a good man the former deputy sheriff was and that he used to cover up any evidence in any Klan violence. MORACE mentioned that the former deputy must not be so good, as he had heard that several years ago GLOVER and his crew failed in an effort to burn a Negro Masonic hall south of Woodville and north of St. Francisville, Louisiana, and in Louisiana.

GLOVER wanted to know how MORACE knew of this, but MORACE would not say. GLOVER then said the attempted burning was messed up by TOMMIE JONES and TORGENSON, both of whom were Masons. These two men went inside the Negro Masonic hall with five gallons of gasoline and spread it all around. GLOVER, JAMES SCAROBROUGH and JAMES F. LEE stood shotgun guard outside. JONES and TORGENSON were frightened when some lights went on in a nearby house and ran out without setting the fire. GLOVER said it made him doubt that white Masons could be depended on to burn down a Negro Masonic hall.

GLOVER told MORACE not to mention this matter, as something else happened that same night and if authorities knew of this incident, it would give them a lead on the other thing.

On April 22, 1969, Special Agents Frederick P. Smith, Jr., and Charles L. Killion, Laboratory explosives specialists, received from SA James A. Wooten, New Orleans Division, 38 sticks of Hercules "Ditching Dynamite." Each cartridge or stick was 8" long and approximately 1 1/4" in diameter. The explosive was removed from each stick and the wrappers were then reloaded with an inert filler. Thereafter, each wrapper was surreptitiously marked for future identification. The substituted dynamite was returned to SA Wooten on April 23, 1969. Specimen Q1 listed in the attached report is a sample of the explosive removed from the above 38 sticks of dynamite.

On April 22, 1969, the above Laboratory Agents also received from SA Norman Stutte, Jackson Division, 20 sticks of Hercules "Ditching Dynamite" like the 38 sticks of dynamite mentioned above. The explosive was removed from each stick and the wrappers were then reloaded with an inert filler. Thereafter, each wrapper was surreptitiously marked for future identification. The substituted dynamite was returned to SA Stutte on 4/23/69. Specimen Q2 listed in the attached report is a sample of the explosive removed from the above 20 sticks of dynamite.

MINUTEMEN ACTIVITIES

On 4/24/69, DONALD HOUSTON WILKINSON received a phone call at approximately 5:30 a.m. at his residence but inasmuch as he was on shift work, could not answer the phone. WILKINSON's wife, LOUISE, tried to get the person to leave a number, but the person refused to do so and would not call back.

COLUMBUS B. TODD is very upset due to his being contacted and interviewed by FBI Agents at Natchez, Miss. He firmly believes that JOE LEE HARDY, who was recently convicted in local court, furnished the information to the FBI so as to enable him to obtain the light sentence that he received.

DON WILKINSON is planning a major distribution of Minutemen materials to various law enforcement and local politicians in the Vidalia, La., and Natchez, Miss., area. He plans to distribute these materials by throwing them on the front porches or lawns of the local politicians and law enforcement groups to show them that although they suppressed the news about psy-war project 51, that the Minutemen group is still active.

WILKINSON composed a letter and plans to mail it on 5/2/69, to Minutemen headquarters stating what he plans to do and requesting of them that they furnish him a receipt for money sent previously and also more Minutemen pamphlets. He plans, however, that in case they do not furnish him any, to contact E. D. MORACE on 5/2/69, to see about obtaining a mimeograph machine which was formerly used by the klan.

SILVER DOLLAR GROUP (SDG)

RED GLOVER allegedly went back to Centreville, Miss., to visit GORDON VINES, who is in the hospital there as a result of an accidental gunshot wound. While there, he allegedly saw a local law enforcement officer or former law enforcement officer

by the name of DUB JETER, who is a welder at the paper mill. JOE VINES, a brother to GORDON VINES has poor relations with the Sheriff of Wilkinson County, Miss., due to his son starting a fight in the South of the Border Club in Louisiana, and then when the people followed him into Wilkinson County and beat him up, the Sheriff would not arrest the people. It is noted that JOE VINES is an expert shot and a good woodsman.

RALEIGH JACKSON GLOVER

DON WILKINSON was speaking with RED GLOVER and his wife last week and at that time, GLOVER told WILKINSON that he is maintaining his permanent residence in Kentwood, La., due to a tax situation and he finds it easier to get out of paying taxes than if he were living in Miss. He told WILKINSON that this is the reason that he is not living in any one place during the week at Natchez, and returns to Louisiana on the weekends.

GLOVER contacted WILKINSON on 4/24/69, and went to see him late that night, but WILKINSON told him he had to work and would see him the next morning. GLOVER did not show up, however, and has not been back in touch to set up an appointment. GLOVER did not state what the purpose of the meeting was.

DONNIE CRAFT

As former commander of the Minutemen, JIMMY SCAROBOROUGH accumulated several items of reloading equipment and also some \$225 that was accumulated at the Concordia Rifle and Pistol Club was turned over to him to buy additional reloading equipment. WILKINSON introduced a girl by the name of RUTH RAND to JAMES SCAROBOROUGH and one night at a party, DONNIE CRAFT spent quite a bit of time dancing with her and subsequently made SCAROBOROUGH jealous. CRAFT, later on that night, asked SCAROBOROUGH about whether or not he had bought any of the reloading materials, and got a smart answer from SCAROBOROUGH, and he and SCAROBOROUGH then had some pretty hot words. CRAFT then indicated to WILKINSON that he did not want anything more to do with the klan in Louisiana or with the Minutemen. He has subsequently not attended any meetings and has been out of touch with all Minutemen members.

ERNEST AVANTS

On 4/29/69, DON WILKINSON was at the Barbeque Pit owned by E. L. "TINY" LEWIS and at that time saw the mother of ERNEST AVANTS. She indicated to WILKINSON that ERNEST stays drunk continually and that she is suing ERNEST's wife, GLADYS, GLADYS' sister and her brother-in-law, and ERNEST because of the matter concerning their cheating her out of some lots in Franklin County, Miss. The word is out among the Minutemen and former klan members not to trust ERNEST AVANTS at all. He no longer is an active member with the Minutemen nor any other klan organization.

PAUL WISE

WILKINSON has stated that PAUL WISE is no longer interested in Minutemen activities and has, on a couple of occasions, avoided him at the Fountain Lounge, Natchez, Miss.

JEWEL LEE BURT

WILKINSON has been trying to get in touch with BURT re the new Minutemen project of distribution of literature but has been unable to contact him. BURT indicates to WILKINSON that he is having to work quite a bit of overtime.

[REDACTED]

WILKINSON is disgusted with the actions of [REDACTED] and has just about decided to drop him from the rolls of the Minutemen. [REDACTED] spends most of his time with a hippie group in Vidalia, La., and is apparently getting mixed up with narcotics and pep pills at a place called Danny's Lounge.

SILVER DOLLAR GROUP AND MINUTEMEN

E. D. MORACE and JAMES SCAROBROUGH met by chance on 4/19/69 at the Concordia Hunting Lodge near Clayton, La. SCAROBROUGH spoke of the Negro trouble at Ft. Gibson, Miss., and said he was standing by to be called if the Negroes "break out." SCAROBROUGH asked MORACE if he would be available if needed and MORACE said he would. SCAROBROUGH stated he would come by and pick MORACE up if he went to Ft. Gibson.

MORACE told SCAROBROUGH he needed one pound of black powder for a project. SCAROBROUGH said he had the powder and MORACE could get it any time. SCAROBROUGH said his children are still attending school at Chigger, La., near Gilbert, La., or Wisner, La., so he was not home much of the time.

PAUL TOLBERT came by while SCAROBROUGH and MORACE were talking. TOLBERT said he had not filled out his Minutemen application. TOLBERT stated his wife was very upset over possible Negro riots at Ft. Gibson, Miss.,

as she has relatives living in Mississippi, and that he, TOLBERT, was staying close to home.

R. J. GLOVER contacted E. D. MORACE at the Ford Garage, Ferriday, La., on 4/22/69 about 9:00 AM. GLOVER said he was restless and could not sleep. He asked MORACE about the 38 sticks of dynamite. MORACE said he had it safe. He called GLOVER to one side and showed him a container he was building for the dynamite. The container was made from a piece of steel pipe three and one half feet long and eight inches in diameter. MORACE was welding a piece of flat steel on the bottom to make it waterproof. On the top he was welding a bell nipple where the top could be screwed down or opened up large enough to reach into the pipe. MORACE said he would store the container in his backyard and it would be waterproof.

GLOVER expressed his satisfaction with the container and said that a friend of NORMAN HEAD had two additional explosive devices that he, GLOVER, will get and bring to MORACE for safekeeping. He said both of these devices are ten inches long and are pointed on one end, while the other end has fins on it.

GLOVER suggested that they try out one or two sticks of the 38 sticks of dynamite to see if it is good.

GLOVER said that DON WILKENS ON had asked JEWEL LEE BURT for some dynamite fuse, and that he, GLOVER, told BURT not to give WILKENS ON anything else. GLOVER said the Minutemen was supposed to be such a big organization and could get anything, but it appeared the organization could not even furnish a match. GLOVER said he would not furnish WILKENS ON anything else and would see how good the organization is.

GLOVER said he had taken donations at Armstrong Tire Co. for HAROLD VINES, the man who was shot with a shotgun and is in the hospital at Centreville, La., and collected \$266.

GLOVER said he gave the 25-gallon container that MORACE furnished him to ELDEN GLEN HESTER, and that HESTER had explosives in it.

GLOVER suggested that they try out the primercord that MORACE was keeping for him.

MINUTEMEN ACTIVITIES

On April 12, 1969, RALEIGH JACKSON GLOVER and JEWELL LEE BURT brought to the residence of DON WILKINSON approximately 14 sticks of dynamite marked "ditching dynamite" on the sides. The dynamite was in an old yellow plastic bag and at the time of the delivery to WILKINSON, WILKINSON looked at it and told GLOVER that the dynamite was old because it had apparently "leaked" although the underside of the dynamite sticks were dry. The interior of the plastic bag showed no dampness nor other indications of being buried, but was rather dusty inside.

When BURT and GLOVER prepared to leave WILKINSON inquired as to their destination and at that time GLOVER indicated that he was returning to Kentwood, Louisiana, to his residence but that he had to go to Natchez to pick up his car.

On or about April 12, 1969, DON WILKINSON sent a letter to Minutemen headquarters, Kansas City, Missouri, and at that time enclosed \$24 which he had collected as dues from members of the Minutemen in Natchez, Miss., and Vidalia, Louisiana. WILKINSON requested in the letter that he be furnished Minutemen material which would be distributed around town and explained that the local newspapers had not carried results of his psy-war project due to the local politicians intervention.

On April 14, 1969, E. D. MORACE and RALEIGH JACKSON GLOVER came by DON WILKINSON's residence and advised that they were en route to Woodville, Miss., to check on GORDON VINE, who is an old member of the White Knights of Wilkinson County, Miss. VINE was shot in a hunting accident and GLOVER and MORACE were en route to determine if the shooting was accidental and also the status of VINE's condition.

C. B. TODD approached DON WILKINSON again on April 12, 1969, and

PAUL LINN WISE has made no attempts to contact DON WILKINSON since he was interviewed by the FBI. WILKINSON is beginning to wonder if WISE was "scared off."

JAMES FORD-SEALE is no longer active in any Klan activity or organization in the Adams County area. JULIUS LEE CARTER, owner of Carter Ambulance, Natchez, Miss., is not known to be a member of the Old White Knights, but could possibly be a former member of the UKA or Original Knights. It is not known he has been making any telephone calls to Mrs. DOROTHY NETTERVILLE concerning her son having a Negro passenger from Fort Polk, La., to Natchez, Miss., the Negro also being a soldier at Fort Polk, who lives at Woodville, Miss.

On April 15, 1969, DON WILKINSON contacted JEWELL LEE BURT and advised him that he was going to move the dynamite which is in his house to the old slaves cemetery located near Travelers Rest near Finwick, Mississippi, and bury it with the primer cord which is sealed in plastic. They were to meet at approximately 10:30 p.m. at Tiny Lewis Barbeque, but BURT did not show up.

RED GLOVER told DON WILKINSON on April 14, 1969, that he is still living at Kentwood, La., on the weekends and is coming up on Sundays and working during the week and returning. He stated that he has been looking around trying to find a trailer house and has even talked to JEWELL LEE BURT about moving a trailer to BURT's property. However, he has not done so and is still living in Kentwood, La.

DONALD WILKINSON believes that RED GLOVER is afraid that someone is trying to "rat on him" because he is apparently moving all of his stuff such as guns and dynamite out of the Natchez area. Approximately three

weeks ago GLOVER had several guns in the backend of his car and told WILKINSON they were his guns but did not indicate from where they came nor where he was taking them to.

MINUTEMEN ACTIVITIES

On 4/6/69 DONALD WILKINSON was heard to say that he had collected money from JEWEL LEE BURKE, E. L. LEWIS, C. B. TODD, JOHN BOSTICK, RED GLOVER, E. D. MORACE, SONNY TAYLOR, and was going to send along with his own dues that amount to the Minutemen Headquarters located in Kansas City. WILKINSON is upset because he has never received any answers to his letter sent to Minutemen Headquarters and has asked Minutemen Headquarters specific questions which have not been answered by that organization.

WILKINSON is considering a heavy distribution of Minutemen literature within the Vidalia, Louisiana, and Natchez, Mississippi, areas since he did not receive any publicity with the Psy-War Project which he wanted.

On 4/1/69 WILKINSON left word for RED GLOVER to meet him at E. L. "TINY" LEWIS' barbeque, however, RED GLOVER did not show up and WILKINSON is rather upset, inasmuch as GLOVER has been rather uncooperative, particularly involving the Psy-War Project and other items within the Minutemen framework.

C. B. TODD has been going with a woman known as [REDACTED] who has been telling him that his wife has been running around on him. TODD has approached various members of the Minutemen group to have the men going out with his wife beaten up, however, has not been successful in finding anyone to beat up the men.

WILKINSON was heard to say that he has been unable to contact JOHN BOSTICK, but this might be due to his hard working hours at the "Natchez Democrat". He was also heard to say that [REDACTED] had apparently gotten involved with a "hippie crowd" and is hanging out at a

place in Vidalia, Louisiana, where marijuana and other narcotics are apparently readily available.

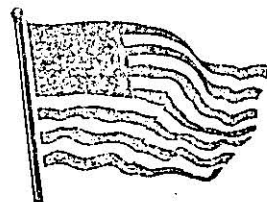

J. T. CARTER is not a member of the local Minutemen group and is not known to be a member of the local Klan organization. However, he may be a member or former member of REGGIE CARTER's unit of the UKA.

MISCELLANEOUS:

PAUL WISE showed up at his employment approximately a week or ten days ago and during the course of conversation, stated that he would be going to New Orleans, Louisiana, to the horse races with a friend of his by the name of T. J. PORTER.

On 3/28/69 DONALD WILKINSON received a letter postmarked Cheyenne, Wyoming, March 26, 1969, a.m., wherein the following materials were received:

BANK ROBBERY; CONSPIRACY WANTED BY FBI ROBERT BOLIVAR DE PUGH

Minutemen's Chief Continues to Elude FBI, Which Has Publicized His "Wanted" Status in a Poster With the Heading Above and the Data Below

By J. Harry Jones, Jr.
(A member of the Minutemen)

Speculation runs the gamut on how Robert Bolivar DePugh, the missing chief of the ultra-rightist Minutemen, has managed to remain a fugitive from the FBI for so long.

On Thursday the 45-year-old DePugh, of Norborne, Mo., and his young sidekick, Walter Patrick Peyson, will have been "underground," as DePugh puts it, for exactly one year.

Both have been sought since February 20 on federal grand jury indictments accusing them of conspiring with seven other Minutemen to rob three banks near Seattle.

Speculation about these men's apparent ability to outfox the FBI has been idle, to be sure. Perhaps the most frequently heard theory is that the FBI knows where they are hiding, but for mysterious or tactical reasons has allowed them to remain free.

THIS THEORY arises from the idea that the FBI simply could not be outwitted by the likes of DePugh and Peyson. It is nourished by the Minutemen's brief history of bizarre intrigues and misadventures.

And then the theories shoot off in all directions:

- The FBI is afraid to pick up DePugh because assassination threats have been made as retaliation for his being jailed or killed.
- J. Edgar Hoover is in league with DePugh since both are anti-Communists.
- DePugh is part of or being used by the CIA in some clandestine intrigue (always throw in the CIA when your mystery is unsolved).
- The FBI has him under constant surveillance to learn the identities of his followers (or leaders) and will move in at the appropriate time.
- He was captured long ago and is being held incommunicado while some impetuous is authoring letters and "underground" directives to his members, faking DePugh's handwriting.

A MORE BELIEVABLE explanation is that the FBI has been trying hard to find DePugh. "Wanted" posters seeking him and Peyson have been on display around the country for many months. The FBI's monthly "Law Enforcement Bulletin" devoted a full page to "DePugh in August—In the same prominent position given two months earlier to James Earl Ray. DePugh's success in covering his trail has been one of the few tangible accomplishments the Minutemen have had to boast about since they were formed.

DePugh's success in dodging his pursuers has not surprised those who know him. He had been talking about and thinking of "going underground" long before last February 20. It can be safely assumed that he had made elaborate plans in advance.

IN MAKING THE MOST of this from a propaganda standpoint, DePugh has established what he calls an "Underground Minutemen Headquarters," with appropriate red, white and blue stationery bearing those words on the letterhead. Frequent messages "from the underground" have been mailed to Minutemen members and some of the news media.

The headquarters well could be wherever DePugh hangs his 3-cornered hat and musket from day to day. Or it may be, as he claims, a secret, well-equipped location at which a staff of about 20 of his most trusted followers are hard at work preparing for the day that the Minutemen will have to launch "military operations against the federal bureaucracy" to help free the nation from Communist control.

In a letter to the St. Louis Post-Dispatch last month, in fact, DePugh wrote Robert Collins, a reporter, that had Robert Humphrey won the election in November, just such operations would have begun.

SILLY? A PUT ON BY DE PUGH? Maybe. But the events of 1968 have shown better than any in previous years that there is a hard-core corps of Minutemen in the country who are not fooling. They no longer can be regarded as a laughing matter.

Throughout its history, a strong undercurrent of impending violence has been evident. As early as March, 1963, the Minutemen had implied in writing that certain congressmen "with whom they disagreed, might be shot."

They acquired large quantities of weapons and ammunition, caching much of it for future use. They distributed instructions on how to construct their own automatic sub-machine guns. They offered training to members on the construction and use of various explosives.

IN 1955, DE PUGH and some of his followers began to have difficulties with the law, but no convictions resulted. In 1956, DePugh, Peyson and "Ray Houghton," their West Coast coordinator for the organization, were convicted on three counts of violating the National Firearms act in U. S. District court here.

From that point on, DePugh pushed his rhetoric and his organization into a more militant and desperate posture.

In 1967, an informant swore, DePugh told him of Minutemen plans to commit various crimes for the sake of patriotism and restoration of the Republic. He said they even included bank robberies.

The informant, Michael Desmond Sadewitz, then of Olmsted, signed an affidavit to the effect that DePugh had told him the Minutemen even planned to rob banks. DePugh, to no one's surprise, denied this. Later in the year another informant, Edward Bumgardner, of Erie, Ill., came forward and said the same thing. Again, a denial from DePugh.

ON JANUARY 24 LAST YEAR, seven Minutemen from the state of Washington were arrested by FBI agents just 30 minutes before they planned—so charged the government—to rob three banks simultaneously in suburban Redmond, Wash., near Seattle.

A federal grand jury indicted DePugh, Peyson and most of these men on February 20 on a charge of bank robbery conspiracy. DePugh and Peyson immediately went underground.

All seven Washington Minutemen were tried on the charge in Spokane in June. At that time it was revealed that another man had been in on the alleged bank robbery plot—Ray Edward Warren, who had been a Minutemen who had faked his way back to the FBI every day

of the way. Warren's testimony, more than anything else, convicted all seven men.

The defense argued that the Minutemen had not actually intended to rob the banks that day, and asserted they had just been in the process of practicing bank robberies in anticipation of the day that the nation was under Communist control and the Minutemen would need funds with which to fight back.

THE INDICTMENT did not spell out how DePugh or Peyson had been involved in the alleged conspiracy. It has not been suggested that either man was in the state of Washington at the time.

Testimony by both government and defense witnesses in Spokane, however, placed Peyson in Boise, Idaho, with three of the defendants and the FBI informant on December 5, 1967. It was at this time, Warren said, that "patriotic" bank robberies had been discussed. The informant said Peyson had brought up the idea.

The defendants, on the other hand, said that Warren had originated the plan in Boise.

DePugh waited only about a month after disappearing to start communicating openly with the outside world. His letters and messages showed him to be confident that he would not be captured and determined to continue his work for the Minutemen cause. They also displayed a growing contempt for the FBI.

There have been solid indications that DePugh has been in touch by telephone with some Minutemen members since going underground. The organization had set up a system for such communications to avoid wire-taps by using two pay telephones, one of them by pre-arrangement.

MARK MONDAY, night police reporter for the Arizona Republic and in the past an occasional contributor to The Star, told how this worked last fall from the vantage point of having been director of Minutemen network No. 829 in Phoenix. (His Minutemen code number had been 133072.) In a series of articles about the Minutemen in Arizona, Monday gave Paul Dean, the writer of the series, the details.

At 6 o'clock in the evening on the last Saturday of every month, Monday went to a pay telephone in the east terminal at the Sky Harbor airport in Phoenix and waited for the phone to ring.

At 12:15 in the afternoon of the first Tuesday of each month, he would stand beside the pay phone in the basement of the Memorial Union at Arizona State University, waiting.

"I set up this telephone network on direct orders from DePugh," Monday told Dean, "and sat at each phone for weeks. But no calls came and I'm glad they didn't. . . . for this phone system was to be used only as an emergency, to organize sabotage, maybe an assassination, or to launch my small network into active guerrilla warfare."

Monday said he had infiltrated the Minutemen so that he could later write about them. DePugh later wrote Monday, after the series in the Republic had appeared, claiming that he had known Monday had been an infiltrator all along.

DePugh and Peyson had been underground six months when five Minutemen from Connecticut became involved in one of the wildest projects ever undertaken by the group.

In 1967, the Reverend Dr. The Rev. Martin Luther King Jr. was shot in Memphis, Tenn., while leading a march for the civil rights of Negroes. The Minutemen attacked the Pacific Farm at Voluntown, Conn., run by the New England Committee for Nonviolent Action.

DRESSED IN ARMY FATIGUES, with tank-chests masking their faces, the Minutemen charged into the farmhouse headquarters of the group at 2:43 o'clock on the morning of August 24. They carried loaded rifles at the ready, bayonets protruding from each weapon. They also had knives, pistols and cans of gasoline.

Two 35-year-old women were the only persons awake at the time. Twenty-five others—men, women and children—were asleep in the house or on the grounds.

After blinding and blindfolding the two women, the Minutemen abruptly learned they were not the only armed men who had been creeping about in the woods that night.

Suddenly, gunfire burst in the air. They eliminated many of the approximately 50 Connecticut state troopers who had been lying in wait for them, thanks to a tip from the FBI.

A full-fledged gun battle followed. One Minutemen was permanently blinded from a blast in the face. Three other Minutemen were shot in the arms or legs. One police officer was shot by a Minutemen in one foot. And one of the women pacifists was accidentally shot in the hip by a trooper as he tried to evade a Minutemen who had lunged at him with his bayonet.

ALL FIVE MINUTEMEN pleaded guilty to a variety of charges in connection with this incident and are now in prison serving terms ranging from one to 10 years.

Despite their absence from the scene, DePugh and Peyson were meanwhile receiving considerable attention from federal courts here and in St. Louis, where the Eighth U. S. Court of Appeals meets.

Two of the three counts of National Firearms act violations on which DePugh, Peyson and Houghton had been convicted here in November, 1966, were dismissed by the court of appeals and a retrial was ordered on the remaining count, which was against only DePugh and Peyson.

Taking the wind out of that court victory for the Minutemen, however, was another ruling by the appeals court upholding the conviction of DePugh in January, 1967, when he had pleaded no contest to a charge of transporting a .38-caliber pistol across the Missouri-Iowa state line while under a state felony indictment.

The U. S. Supreme Court denied DePugh's writ of certiorari on this conviction, and, as soon as he is found, he will have to start serving a one-year sentence.

Additionally, DePugh and Peyson were indicted late last year on two other firearms act violations charges and for jumping a combined total of \$11,433 bond. Both men probably face three trials.

During the recent presidential election campaign, DePugh's thirst for publicity was adequately quenched by opponents of George Wallace who took to mentioning the Minutemen as one of the more undesirable groups supporting the third party candidate. Humphrey and Sen. Edward Kennedy were among those who did this in campaign speeches.

ON THE DAY AFTER the election, about an hour after Humphrey had conceded defeat, the Minutemen let it be known that just because a more conservative candidate had won, they were not dissatisfied.

They did this by setting off a small mortar-like device on the Allis Plaza, west of the Hotel Marquette. It fired a projectile into the air. The projectile in turn exploded and spread forth dozens of tiny leaflets bearing various messages of desperate patriotism from the Minutemen.

Within two hours, a similar, undetonated device was found in a driveway at the Wichita parking lot. Later that month similar pyrotechnics went off in Houston and Washington, D. C., the latter close enough to the White House to prompt widespread concern.

Early this year, it was discovered that this had been part of what the Minutemen had called "Pay War Project 50." Now "Pay War Project 51" is understood to be in the offing—the manufacture and exploding of such devices by Minutemen all over the country at locations and at times best suited to carry their messages to the widest possible audience.

A sample leaflet reads:

SUPPORT THE MINUTEMEN
—In their war on treason. We fight Communism — the job the FBI is paid to do, but does not try to do too busy chasing us.

If any of these potentially dangerous devices have been fired this month, they have not received much attention. Actually the Minutemen are by no means as numerous as DePugh has tried to make them appear.

J. EDGAR HOOVER estimated their total number as less than 300 just before DePugh and Peyson went underground last year, adding that less than 10 could be called upon for overt action by the group's leadership.

This seemed a conservative estimate at the time. But with DePugh in hiding now, with most Minutemen more covert than before, with communications more difficult and with the stigma of bank robbery hanging over them, logic supports such an estimate of the group's size today.

How many of the dozen or so men who attacked and beat Chicago university protesters eight days ago were Minutemen is not known. Leaflets with slogans originated by the organization were found at the scene. ("Traitors. Beware. . . . Even now the cross-hairs are on the back of your necks. We will never surrender. Minutemen.") But anyone could have printed these.

And what is DePugh doing now? The latest word from "the underground" received at The Star was a Christmas card. "From all of us—The Underground Section, Minutemen," postmarked El Paso, Tex.

It carried a religious message that ended with: ". . . the Christ Child's birth is our promise of salvation and our hope of peace on earth. A hoped sign? Could DePugh—indeed, he had sent it—be mellowing, rethinking the future, abandoning some of his fantasies?"

Judging by what the St. Louis Post-Dispatch reported receiving from DePugh last month, one could not take the Christmas card too seriously. DePugh's latest project, reported Robert Collins, "Practical work in development of biological warfare."

"I hope am not conjuring visions of the mad scientist plotting the destruction of the world," DePugh was quoted as writing, "but I have always felt that to succeed in this country, a resistance movement would have to take maximum advantage of our more advanced technology."

SPECIAL BULLETIN 69-11

From: Robert DePugh, National Coordinator

During recent months, we have been so busy with underground projects that we have hardly been able to keep our members informed on activities of the national organization. Much of interest has occurred but about all we can do here is to mention a few highlights and reprint a few headlines.

We have received our first group of replies from Bulletin 69-3 and are very pleased at the response. Those members will be sent personal letters along with specific information on their individual projects soon.

The first few reports on Psy War Project 51 have also reached this office along with some of the newspaper clippings that have resulted from it. As near as we can judge, there were approximately about 75 propaganda cannons fired during the first two weeks of the time schedule. This means that about three out of every four members assigned this project (for dates up to the time of our last report) have carried out the project successfully. I feel that this is an excellent percentage.

Still, we have received several letters from members saying that black powder cannot be purchased in their areas, that they lacked the mechanical ability to construct the cannons, that they were afraid that such action would result in legal reprisals, etc. I can only say again, that this challenge is a small one compared to the dangers and problems we are sure to face in the future. Every member should adopt an attitude of "better late than never". If you have not or cannot complete this project by the date assigned, try to get it finished as soon as possible.

Those who have successfully fired their quota of cannons should take advantage of what they have learned to build and fire additional cannons-- bigger and better-- in the near future.

Other members are continuing to mail "Traitors Beware" cards to known leftists and paint the "Cross-hairs" symbols in public places. These activities continue to get public notice as shown by some of the articles on page 3.

At the University of Chicago students staging a sit-in were chanting "God Damn America" when a Minutemen Strike Team charged into the building and started beating them to a bloody pulp. Some of the blasphemous beatniks ended up in the hospital. Headlines from the local papers are shown on page 3-- part of the article is shown at the right.

Efforts by another Strike Team to burn down a communist training camp in Connecticut ended in disaster. The six men were ambushed by 50 state police who opened fire without warning. Four were wounded. One member was shot through one eye with the bullet resting against the optic nerve of the other. Authorities forced guilty pleas from other team members by refusing to provide proper medical attention for this member until they did so. Most received sentences of 3 to 10 years. Still the needed operation for the blinded member was not performed in time-- he will never see again.

The FBI had been informed of the planned raid by another Connecticut member-- Vincent DePalma. The most tragic thing about this affair was that the team leader Tom Hart had been warned by the National Security Director before, of the fact that DePalma was an FBI fink but Hart had ignored this warning. Not only did he continue to confide in DePalma but because of his feelings of personal friendship, kept the fact hidden from the others that DePalma had been declared a security risk by the National Organization. --more on this case in a separate bulletin.

In Washington state, members sentenced on trumped up charges of "conspiracy to rob banks" are now out on bond while appealing for a new trial.

On February 16, 1969 Walter Poyson and I, had officially been "fugitives" for exactly one year. The Kansas City Star ran a full page article to mark this "anniversary". This article (page 4) like all those on pages 2 and 3 are reprinted one fourth actual size.

Keep up the fight!

Account By Co-Ed

According to a co-ed at the scene, the attack began when an unknown man sought entrance to the building.

The girl, who refused to give her name, said that when she asked him for student identification, several other men rushed through the door. About 20 others followed, she said, "and started beating up on 15 or 20 students on the first floor."

The men apparently approached from the south of the building, she said, in groups of three and four.

The assailants beat students, attacked two security guards and threw typewriters onto the floor, witnesses said.

The invaders left a pamphlet that read:

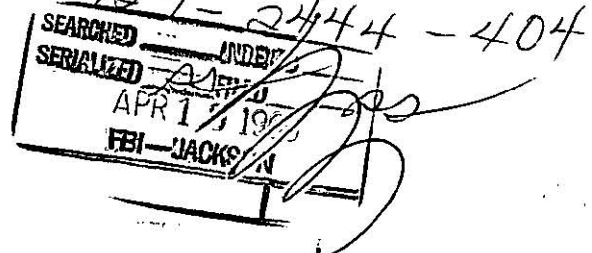

"Traitors beware. If you continue your treasonous activities, you will be treated as traitors. Even now the cross-hairs are on the backs of your necks. MINUTEMEN. We shall never surrender."

MINUTEMEN AND SILVER DOLLAR GROUP

On Thursday, March 20, 1969, about 6:45 PM, DON WILKENSON, Minutemen Network Commander from Natchez, Mississippi, contacted E. D. MORACE at MORACE's home at Vidalia, Louisiana. The two men talked of the effect of Minutemen Psy-War Project Number 51, and both men expressed disappointment that there was no publicity about the two rockets they shot. WILKENSON said that authorities were keeping the matter quiet.

WILKENSON said that he was expecting something big from Minutemen headquarters. WILKENSON said he had another smaller project and needs one pound of black powder and a foot of dynamite fuse. MORACE said he was fresh out of dynamite fuse and had not been able to locate any black powder. They talked of the black powder in possession of JAMES SCAROBROUGH and the fact that KENNETH NORMAN HEAD could get powder from him, as they were friends still. They made plans to contact HEAD on March 22, 1969, and have him obtain black powder.

WILKENSON asked MORACE to talk to R. J. GLOVER, as GLOVER seems disappointed in the Minutemen and needs some encouragement.

On March 21, 1969, R. J. GLOVER contacted E. D. MORACE at MORACE's house at Vidalia, Louisiana. GLOVER took MORACE to his, GLOVER's, pickup. From under the front seat GLOVER took an old newspaper in which was wrapped a Benson Fruit Cake Box. Inside the box was an explosive device which was red in color and seven inches long. This device was about three-fourths of an inch in diameter, and the inside device was filled with a blue-colored substance and had an electric cap and two red wires attached to it. It appeared to be an underwater explosive. GLOVER asked MORACE to keep this device for him and told him not to drop it or jar it.

GLOVER and MORACE talked of Minutemen Psy-War Project Number 51, and GLOVER said he had been sick or he would have helped shoot the rocket. MORACE said he shot it alone, and everything went all right.

MORACE asked GLOVER how he felt about the Minutemen, and GLOVER said he was disappointed. He said, when they started in the Minutemen, the organization was supposed to be able to furnish explosives, but it seemed to be the other way around. E. D. said the Minutemen was all they had left, and GLOVER said they still had the Silver Dollar Group (SDG). He said the weather had been too bad each weekend or he would have already called for a meeting of the SDG.

On Saturday, March 22, 1969, DON WILKENS and E. D. MORACE attempted to contact NORMAN HEAD at HEAD's home and at various bars in Ferriday, Louisiana but did not locate HEAD.

On Thursday, March 27, 1969, R. J. GLOVER contacted E. D. MORACE at the Ford Garage, Ferriday, Louisiana, where MORACE is employed. GLOVER was driving his old pickup truck. GLOVER said he had been to see ED FULLER about FULLER's forthcoming trial on a civil rights violation. He stated he wanted to help FULLER and was going to Monroe to see Klan leader ROBERT FULLER.

GLOVER talked about JOE HARDY, who is facing trial at Natchez for car theft. GLOVER said there will be Negroes on the jury, and he may be able to help HARDY. GLOVER said there is a Negro who works near him at Armstrong Tire Company in Natchez, and he has helped this Negro, and the Negro owes him a favor. GLOVER said that he might be able to work something out with this Negro and keep HARDY from being convicted.

On Saturday, April 5, 1969, R. J. GLOVER contacted E. D. MORACE at the Ford Garage, Ferriday, Louisiana. GLOVER called MORACE to his pickup truck and from the floorboard

took a carbine rifle and asked MORACE to keep it while he was gone to Monroe, Louisiana. GLOVER said a friend was coming by to take him to Monroe, and he would leave his pickup parked by the Ford Garage.

MORACE observed the carbine looked like the same one GLOVER had at the bar pit near Ferriday, almost two years ago, when MORACE had shot it and it fired fully automatic. GLOVER did not say whether it was the same carbine. The weapon is described as a U. S. Carbine, Caliber 30-M-2, Serial Number 7218764. On the action were the words "Inland Div.," and on the forward part of the barrel were stamped the words "Inland Division, General Motors." The weapon had a lever on the action, which lever usually regulates whether an M-2 carbine fires semi-automatic or fully automatic.

On April 6, 1969, R. J. GLOVER and E. D. MORACE met at the home of MORACE. GLOVER asked about his carbine, and MORACE said it was in a safe place. GLOVER said he would get it soon. GLOVER said he went to Monroe and contacted Klan leader ROBERT FULLER at FULLER's plumbing office. He said FULLER was going to help FRANK DE LAUGHTER, BLACKIE DRANE, and ED FULLER in their forthcoming trial. GLOVER was impressed with ROBERT FULLER and said FULLER had a big Klan

organization at Monroe. He suggested FULLER could help get the Klan reorganized at Ferriday, Louisiana. MORACE did not seem impressed with the idea, and no plans for reorganizing the Klan were made. GLOVER said FULLER showed him the material that MURRAY MARTIN had given the Congressional Committee in about 1966.

JAMES HORACE TAYLOR

JAMES HORACE TAYLOR contacted E. D. MORACE on March 31, 1969, and said he was trying to get his bills paid up. He said he still owes Pasternack Store in Ferriday, Louisiana \$125.00 and, if he gets this paid, he may move to South Louisiana, where his wife is from.

RESIDENCE OF R. J. GLOVER

On March 27, 1969, R. J. GLOVER advised E. D. MORACE that his wife has moved back to Natchez from Kentwood, Louisiana. GLOVER said his wife is now working at a drugstore in downtown Natchez, Mississippi on a part-time basis. He said they still visit their old home place in Kentwood, Louisiana some weekends. GLOVER said they are considering buying a house in Natchez but for the present are staying with his stepson and his wife's son, PETE, who lives in Natchez, Mississippi. Also, they stay some

nights with Mrs. GLOVER's sister, who lives on North Commerce Street in Natchez, just south of the Bienville Apartments.

JAMES CALVIN HARRIS

JAMES CALVIN HARRIS continues to reside in the Levens Addition, Ferriday, Louisiana, and HARRIS is still employed by the International Paper Company, Natchez, Mississippi. HARRIS still drives a 1963 Chevy II, two-door sedan. HARRIS is no longer a member of the Minutemen, as he was expelled by Squad Leader E. D. MORACE when MORACE took over the Minutemen in Louisiana in the fall of 1968.

Natchez, Mississippi
March 24, 1969

On 3/4/69 DONALD WILKINSON, E. D. MORACE, and RED GLOVER met on the levee at Vidalia, La., and tested the devices that E. D. MORACE had made to fire the Minutemen pamphlets. RED GLOVER had not been able to obtain any black powder and DON WILKINSON suggested that they use cherry bombs which was subsequently done. The can was fired into the air approximately 300 feet, however, upon regaining the can it was noted that it was cramped in by the charge and would, therefore, have to be partially split open so as to scatter the material when the charge inside the can went off.

RED GLOVER had also promised to obtain dynamite fuse but had either not been able to or had not been willing to.

On 3/10/69 DON WILKINSON and JEWEL LEE BURT had gone to the Natchez-Adams High School in order to set off the device, but while there noted that there was some sort of meeting going on and there was quite a bit of traffic. They then left there and went over to the Montebello School located on the bypass at Natchez, Miss., and attempted to set off a device there, however, were seen by a police car and did not set off the device at that location.

They then proceeded to the Morgantown Junior High School located at Natchez, Miss., where the device was placed in front of the school administration office and subsequently fired. The device was a two foot, five inch length of four inch pipe welded to a twelve inch square sheet of one-quarter inch steel, with a hole at the bottom that permitted the fuse to protrude. After lighting the device at Morgantown School, both WILKINSON and BURT left the area immediately due to someone pulling in behind them and subsequently were not certain that the device did, in fact, go off.

E. D. MORACE was to set off the device in Vidalia, La., at the high school there. He was to be assisted by RED GLOVER, however, GLOVER did not show up.

DON WILKINSON, Unit Commander of the Minutemen, was disappointed when no notice of the firing of the Minutemen devices were carried in the local newspapers, however, composed a letter to Minutemen Headquarters in Kansas City, Missouri, noting that the orders to fire the devices had been carried out, but due to the pilgrimage presently going on in Natchez, Miss., the local newspapers had not carried any notification or news items about the devices being fired.

C. B. TODD, presently a member of the Minutemen organization, has not been too active lately due to the fact that he has been trouble with his wife. DON WILKINSON had thought about using TODD to help on either of the teams to set off the devices, however, due to his having trouble with his wife was not seriously considered.

As of 3/24/69 DON WILKINSON has received no mail from Minutemen Headquarters and is presently waiting to hear from them before he takes up any more money and sends to them.

On 3/21/69 E. D. MORACE and DON WILKINSON went in WILKINSON's pickup truck to see NORMAN HEAD and were unsuccessful. They then left there and went to the barbecue pit located at Natchez, Miss., and at that time held a long conversation about RED GLOVER, in which DON WILKINSON made the statement that GLOVER seemed to be getting to be a "Christian". MORACE told WILKINSON that he has not seen GLOVER since the night of the testing approximately two weeks before and at that time also advised WILKINSON that he fired the device on the courthouse lawn, rather than at the school as he was instructed. Also during this conversation, MORACE advised WILKINSON that he was not going to do any more to help JOE HARDY out of his present problems at Natchez.

RED GLOVER, at the present time, is living with his stepson by the last name of WATTS, who has just moved over from Vidalia, La. Exact address is unknown, but he has a Natchez telephone number of 442-3078.

E. D. MORACE advised DON WILKINSON that he had fired the device containing the Minutemen pamphlets right on the courthouse lawn at Vidalia, La., instead of the high school as he was instructed. He further stated that he had been told that the jailor at the courthouse had obtained the firing device since he had heard it go off, and that the FBI would not be able to get the gun since it was a local matter. WILKINSON was upset with MORACE because MORACE had set off the device on the courthouse lawn rather than at the school as he was originally instructed to do.

Unit 1733 of the Minutemen presently has as members the following individuals:

JEWEL LEE BURT
TINY LEWIS
JOHN COLLINGER BOSTICK
E. D. MORACE
RALEIGH JACKSON GLOVER
C.B. TODD

It is noted, however, that TINY LEWIS, although he was also a member of the Klan previously, is thought by DONALD WILKINSON to only be a member so as to have all the Klan members and Minutemen members come to his barbecue pit and patronize it. On several occasions at Klan meetings TINY LEWIS talked against the carrying out of any Klan activities and is not too aggressive a member of the Minutemen organization either.

the "son of a bitch" that has the charges against him. He said he will get him if it is the last thing he does and he will get another man at Woodville, Miss. On 10/21/67, while riding to Kentwood, La., in MORACE's car, GLOVER spoke of the MIBURN trial being held in Meridian, Miss., where seven white men had been convicted. He said someone should go up to Meridian and help out by putting dynamite under the houses of jury members. GLOVER stated it would not help the ones convicted but would make the next jury think...

157-2444-208 On 11/2/67, [FOIA(b)7 - (D)] furnished the same information as that furnished by [FOIA(b)7 - (D)] on 10/24/67 as set forth in the correlation of 157-2444-202.

157-2444-209 On 11/2/67, [FOIA(b)7 - (D)] advised he was contacted by GLOVER and others on 10/21/67 in an effort to get the source to go with them to Kentwood, La., but source could not go. Source did not know the purpose of this trip.

157-2444-211 On 11/9/67, [FOIA(b)7 - (D)] advised he met GLOVER by chance on 11/9/67 at the Shamrock Motel Restaurant, Vidalia, La. GLOVER told source they should raffle off automobile tires in order to raise money for the defense of SDG members coming to trial. GLOVER said a meeting of the SDG would be held on 11/12/67.

157-2444-212 On 11/8/67, [FOIA(b)7 - (D)] advised he heard a conversation between JACK SEALE, L. C. MURRAY and E. L. MC DANIEL on 11/7/67 regarding the trip to Kentwood, La., on 10/21/67. SEALE said GLOVER got a paper bag out of his house and carried it with him on the trip. The purpose of the trip was to express appreciation to a man who lives there in Kentwood for his efforts to assist GLOVER in his bush hog case. GLOVER gave the paper bag to MORACE and said the "stuff" should not

157-2444-213 On 11/13/67, [FOIA(b)7 - (D)] advised GLOVER was quite angry because only a few individuals were present at the SDG meeting held 11/12/67. GLOVER said he wanted to have weekly meetings in order to show the people and the law enforcement officers that the Klan is still active. GLOVER bought four automobile tires for the purpose of raffling them off to raise money for individuals who have pending trials in the Natchez, Miss., area. Source stated GLOVER asked him if he would be willing to assist him on the night of 11/18/67 in some type of shenanigan. Source does not know what GLOVER has in mind. GLOVER seems to be drinking more now than in past months.

157-2444-214 On 11/8/67, [FOIA(b)7 - (D)] advised that GLOVER, E. D. MORACE, and L. C. MURRAY visited SONNY TAYLOR in Harrisonburg, La., on 11/6/67 at which time GLOVER discussed a plan to build four or five cement bunkers at strategically scattered locations readily accessible to the Ferriday - Vidalia - Natchez areas. These bunkers then would be used to store weapons, ammunition and explosives.

157-2444-215 On 11/10/67, [FOIA(b)7 - (D)] advised GLOVER and E. D. MORACE were seen on 11/5/67 at the fishing camp on the levee.

157-2444-216 On 11/14/67, [FOIA(b)7 - (D)] advised GLOVER and JACK SEALE contacted E. D. MORACE at his home on 11/10/67 at which time they discussed the raffling of tires in order to raise money for the defense of persons going to trial in the Natchez area. GLOVER said an SDG meeting would be held on 11/12/67 at the Coronet Cafe in Ferriday, La., rather than at the hunting lodge where meetings were previously held. Source stated the only persons present at the Coronet Cafe for the SDG meeting on 11/12/67 were GLOVER, E. D. MORACE, KENNETH NORMAN HEAD, and SONNY TAYLOR. GLOVER brought up the idea of every man contributing \$25 to pay for the tires to be raffled off. HEAD said he might raise the money but would not go with GLOVER and laughingly called GLOVER a "thieving bastard." There was some talk about a dynamite supply near Alexandria, La., they could steal. GLOVER explained a plan he has for getting rid of Negroes. He said he would buddy up with some poor Negro and take him out and help him steal things. Then the first time he had a Negro he wanted to get rid of, he would force the Negro who had been stealing to do the job.

JN 157-2444

GLOVER said he planned to purchase a second set of tires and then use these tires to raise money by raffling them off. While at the SDG meeting, GLOVER again brought up his plan to build bunkers for use in storing arms, ammunition, and explosives. GLOVER thought they should build their first bunker in the Harrisonburg, La., area. GLOVER said he had a deep freeze in which they could seal the "stuff" so no moisture could get into it. GLOVER again brought up the possibility of burglarizing an explosives bunker in the Alexandria, La., area. He did not indicate when he planned to burglarize this bunker.

157-2444-221 On 11/13/67, [FOIA(b)7 - (D)] advised that GLOVER had told CHARLES DAVIDSON, EC of Unit 800, UKA, that his group would be advised when the next SDG meeting was held and explained it was rather expensive to belong to his group.

157-2444-222 On 11/17/67, [FOIA(b)7 - (D)] advised he had been unable to have a chance meeting with GLOVER and knew nothing of GLOVER buying tires to be raffled off for the benefit of Klansmen defendants. Source was of the opinion GLOVER would not buy tires if he could steal them.

157-2444-223 On 11/20/67, [FOIA(b)7 - (D)] advised GLOVER was overheard to tell I. J. RUDISILL, JERRY JOE MOON, and others that the SDG had met at a cafe in Ferriday on 11/12/67 and had failed to get everyone word regarding the meeting.

157-2444-225 On 11/17/67, [FOIA(b)7 - (D)] advised he had heard that SDG meetings are always attended by five or six individuals. Source stated he did not think GLOVER was trying to enlarge the membership of this organization. Source is of the opinion GLOVER wants only a few members at each meeting in an effort to determine the identity of the individual(s) within this organization furnishing information to the FBI.

157-2444-226 On 11/18/67, [FOIA(b)7 - (D)] advised GLOVER had purchased another set of tires to be raffled off but source did not know who had possession of these tires. GLOVER told source he had not made any preparation toward the shenanigan he wanted to pull on the night of 11/18/67 and consequently the shenanigan was off. Source dropped GLOVER off at the residence of his girl friend, [redacted] in Vidalia, La.

157-2444-227 On 11/20/67, [FOIA(b)7 - (D)] advised that E. D. MORACE said he and GLOVER have some guns, ammunition, and canned foods stored somewhere. Source stated he did not believe GLOVER was in on the killing of FRANK MORRIS.

157-2444-234 On 11/25/67, [FOIA(b)7 - (D)] advised GLOVER has apparently been out of the Natchez area over the Thanksgiving holidays. Source advised that the four automobile tires GLOVER purchased are in the possession of MYRON WAYNE SEALE, and that SEALE has a bill of sale for these tires.

157-2444-235 On 11/29/67, [FOIA(b)7 - (D)] advised GLOVER and JEWELL LEE BURT went to the residence of JACK SEALE in Natchez on 11/28/67 and SEALE gave GLOVER 100 tickets in connection with the automobile tire raffle, drawing to be held 11/30/67 at TINY LEWIS' restaurant in Natchez.

CARTER had not been of assistance in selling the raffle tickets. Source brought up the matter of J. L. HARPER's being caught in possession of a large quantity of dynamite and GLOVER was quick to explain that the police must have planted it in his living room since they followed him up to his house with a search warrant, told him where it was, and located the dynamite, then arrested HARPER.

157-2444-239 On 12/7/67, [FOIA(b)7 - (D)] advised he had heard that JAMES LEE SCARBOROUGH is staying away from GLOVER and E. D. MORACE as he is afraid these two men might get him into serious trouble.

157-2444-240 On 12/14/67, [FOIA(b)7 - (D)] advised he talked with RED GLOVER concerning the raffle tickets for the four Armstrong tires and asked for an explanation of where the money will go. GLOVER said it was for anyone in Adams County who needed defense funds.

157-2444-241 On 12/12/67, [FOIA(b)7 - (D)] advised that during the weekend of 12/9-10/67, GLOVER had obtained another set of Armstrong tires to be raffled off to provide legal defense funds of the Philadelphia, Miss., Klansmen who were convicted in Federal Court, Meridian, Miss.

157-2444-242 On 11/30/67, [FOIA(b)7 - (D)] advised that SONNY TAYLOR had heard that GLOVER was spreading a rumor indicating that LEE's wife was working for the FBI. GLOVER has recently purchased several sets of tires from the Armstrong Tire and Rubber Co. in Natchez, Miss., with the intention of raffling these tires off and use the money for a defense fund.

157-2444-243 On 12/28/67, [FOIA(b)7 - (D)] advised that in a recent conversation between SONNY TAYLOR and JAMES "RED" LEE, LEE had said he was through with RALEIGH JACKSON GLOVER and the SDG, and stated he thought GLOVER was going nuts.

157-2444-244 On 12/27/67, [FOIA(b)7 - (D)] advised that GLOVER and NORMAN HEAD visited E. D. MORACE on 12/22-23/67 at his place of employment in Ferriday, La., at which time they indicated they had been to see JACK SEALE, that SEALE wanted to get something going, but both GLOVER and HEAD had counseled against any activity until charges pending against GLOVER and SEALE had been adjudicated. GLOVER said he wanted everything to remain quiet and did not want any SDG meetings and recommended they all get behind the APWR. GLOVER was upset because FRANK DE LAUGHTER had not sold any raffle tickets.

157-2444-251 On 12/31/67 and 1/2/68, [FOIA(b)7 - (D)] was exhibited photo of GLOVER and asked to identify. Subject appeared familiar to source and source believes he has either seen GLOVER or talked to him in the past; however, he could not say where or when and could not comment re GLOVER's Klan activity.

157-2444-252 On 1/3/68, [FOIA(b)7 - (D)] advised he did not attend the tire raffle promoted by GLOVER held 12/24/67 in Natchez, Miss. He stated he made inquiry to several known Klansmen and believes he was cut out of the deal since he was unable to definitely establish the place where the raffle was to be held. Source learned that one JAMES BLOUNT won the tires and believed the raffle must have been held in WILLIAM F. RILEY's office.

JN 157-2444

157-2444-257 On 1/6/69, [FOIA(b)7 - (D)] advised he had heard GLOVER tell JACK SEALE on the past Thursday night that he had gone to Winnsboro, La., a few nights earlier with KENNETH NORMAN HEAD. GLOVER did not say what the purpose of the trip was. GLOVER commented he had stolen some television sets from Negroes in the past. GLOVER also stated that a man in north La. had gotten rid of a power saw and an outboard motor for him. Source assumed GLOVER has some individual in north La. who fences some of the items he steals. GLOVER does not now live in Washington, Miss., and source was of opinion GLOVER probably resides with his step-son, PETE WATTS, in Vidalia, La. Source said GLOVER is out rambling every night and seems to be drinking more all the time. Source advised on 1/10/68 that GLOVER had asked him where he could sell some TV sets which he had stolen in the past from Negroes. (Source advised this might be planted information.) GLOVER told source the drawing for the tire raffle had taken place sometime in the past couple of weeks and JAMES L. BLOUNT won the tires.

JN 157-2444

157-2444-259 On 1/9/68, [FOIA(b)7 - (D)] advised that JAMES LEE no longer trusted GLOVER since GLOVER had brought TOMMIE JONES to an SDG meeting after knowing JONES was an informant.

157-2444-262 On 1/8/68, [FOIA(b)7 - (D)] advised he had been unable to determine where the raffle of tires had been held and in speaking to other Klansmen, they described the raffle of the tires as a GLOVER affair. He and other Klansmen believe GLOVER pocketed the money.

157-2444-263 On 1/17/68, [FOIA(b)7 - (D)] advised that during the time raffle tickets were being sold for tires, he and GLOVER had conversed but GLOVER did not indicate who had the funds or how much was made.

157-2444-264 On 1/8/69, [FOIA(b)7 - (D)] advised he saw GLOVER on 1/4/68 at TINY LEWIS' barbeque pit and GLOVER stated that JAMES L. BLUNT had won the raffle for the tires. GLOVER told source he intended to move back across the Miss. River into La. in the near future. GLOVER stated he had been told to do so but did not indicate the identity of the individual who had told him. Source asked GLOVER if he knew of anyone who was adept in handling explosives. GLOVER replied that he had formerly been in the Seabees and that he could probably handle a job involving explosives.

157-2444-267 On 1/16/68, [FOIA(b)7 - (D)] advised GLOVER visited E. D. MORACE on 1/16/68. GLOVER said he had moved from his apartment at Washington, Miss., and had a room in a motel across from the Billups Service Station on U. S. Highway 61 North near the Holiday Inn in Natchez, Miss. GLOVER stated that on his way back from Kentwood, La., on about 1/14/68, he was arrested for speeding by a highway patrolman and the FBI was behind the arrest. 157-2444-273 On 2/6/68, [FOIA(b)7 - (D)] advised that the bombing of GEORGE METCALFE on 8/27/65 in Natchez, Miss., was an SDG operation. The bombing was planned by R. J. GLOVER and JAMES F. LEE and the plan was perfected and carried out by LEE, SONNY TAYLOR, and an unidentified Klansman from Ferriday, La. GLOVER promoted the elimination of METCALFE during the Spring of 1965. In addition to being a Negro active in the civil rights movement, GLOVER and the SDG were convinced that METCALFE was a hard-core, active Communist. As time passed, GLOVER became consumed with the passion to kill METCALFE and the plans were made to kill him. The first plan to kill METCALFE by kidnapping him at the Armstrong Rubber Company in Natchez during the latter part of June, 1965, failed. After the first attempt to kill METCALFE failed, GLOVER then planned to have LEE and TAYLOR murder METCALFE as he parked his car, got out, and started walking toward the plant gate. After the plan to shoot METCALFE failed, GLOVER then told LEE and TAYLOR they would bomb METCALFE. They decided to hook the electrical cap to the car coil so it would detonate when the ignition key was turned on. At 2:00 a.m. on 8/27/65, TAYLOR and an unidentified Klansman from Ferriday, La., placed the charge under the hood of METCALFE's car near the fire wall. GLOVER and LEE planned to work so they would have an alibi during this time.

As they drive away from the airport and before they reach the highway, they will stop and all of the men will change shirts while the man in the Nazi uniform will change into street clothes. Everyone will wonder what happened to the Nazi and his men but they will have disappeared. On 6/22/68, GLOVER and MORACE were talking and GLOVER said there was a no-good white man with a lot of guns and GLOVER wanted to burn the house and steal the guns. GLOVER and MORACE discussed TOMMIE LEE JONES and GLOVER called JONES a "blabber mouth" and said he might have to kill JONES yet.

157-2444-346 On 7/22/68, [FOIA(b)7 - (D)] advised GLOVER had contacted DON WILKINSON and E. D. MORACE and advised them that their plan to land an unidentified individual dressed in a Nazi uniform at the Natchez Airport would have to be postponed inasmuch as the pilot who was going to fly this individual to Natchez was not available on 7/7/68 and because GLOVER could not get enough men to put up a show of force at the airport. GLOVER gave WILKINSON two pamphlets he had obtained from some Nazi. On 7/6/68, GLOVER gave WILKINSON a silver dollar, making WILKINSON a member of the SDG.

157-2444-347 On 7/24/68, [FOIA(b)7 - (D)] advised GLOVER and E. D. MORACE met in Natchez, Miss., on 7/20/68 and GLOVER said he felt they should hold a regular SDG meeting soon.

157-2444-348 On 8/6/68, [FOIA(b)7 - (D)] advised E. D. MORACE and KENNETH NORMAN HEAD met at HEAD's home in Ferriday, La., on 8/3/68 and while discussing R. J. GLOVER and the SDG, HEAD said he felt GLOVER was losing his mind. HEAD declined to say why he thought this but suggested that MORACE visit GLOVER and see why he felt this way. MORACE contacted HEAD on 8/6/68 and said he had a long visit with GLOVER on 8/4/68 and agreed that GLOVER was not rational. GLOVER talked of the way the SDG members had let him down by not buying the 30.06 ammunition from him and spoke of how dirty people were. MORACE said he talked to GLOVER again on 8/6/68 and GLOVER was completely changed and was happy.

157-2444-349 On 8/13/68, [FOIA(b)7 - (D)] advised the majority of the individuals involved with the activities of Unit 1733 of the Minutemen have a very good opinion of GLOVER. GLOVER is being considered for membership in Unit 1733. GLOVER contacted DON WILKINSON and told WILKINSON he had "some stuff to move." They planned to move it on 8/4/68 but on that date GLOVER again contacted WILKINSON and advised him they would be unable to go on the mission. GLOVER discussed plans to break into Negroes homes and steal guns.

157-2444-350 On 8/13/68, [FOIA(b)7 - (D)] advised that E. D. MORACE and GLOVER met on 8/12/68 and GLOVER said he needed to locate GERALD BLANEY in order to obtain some electric blasting caps which he had given BLANEY to keep for him sometime ago. GLOVER said the caps may be needed soon for a project but he did not say what project he had in mind.

157-2444-351 On 8/21/68, [FOIA(b)7 - (D)] advised GLOVER and E. D. MORACE met on 8/18/68 at MORACE's home in Vidalia, La. GLOVER was still down on JAMES SCARBOROUGH and said SCARBOROUGH was just a talker and did nothing. GLOVER furnished MORACE a small white box containing a group of sub-miniature color slides which JACK SEALE had given GLOVER to keep; since his house might be raided by the FBI, GLOVER wanted MORACE to keep them. GLOVER did not say what the slides showed.

157-2444-352 On 9/4/68, [FOIA(b)7 - (D)] advised E. D. MORACE saw R. J. GLOVER on 8/31/68 and told GLOVER that his help was wanted in connection with the trouble in which [REDACTED]

[REDACTED] and SONNY TAYLOR wanted GLOVER to help. GLOVER did not wish to help and told MORACE to tell TAYLOR he (MORACE) could not locate GLOVER.

157-2444-353 On 9/3/68, [FOIA(b)7 - (D)] advised SONNY TAYLOR was still trying to get GLOVER to use his influence among the Klansmen in the Natchez vicinity to help the boy against whom rape charges had been filed in order to get these charges dropped. It was later learned that GLOVER was not making any effort to help the boy.

157-2444-354 On 9/19/68, [FOIA(b)7 - (D)] advised that DON WILKINSON, Network Commander of the Minutemen in that area, said he wanted MORACE and GLOVER to be his Squad Leaders. WILKINSON told GLOVER on 9/18/68 that he wanted him to handle an eight-man squad in Natchez and be in charge of searches and seizures. GLOVER did not say whether or not he would become a member of the Minutemen but was given an application.

JN 157-2444

157-2444-355 On 9/17/68, [FOIA(b)7 - (D)] advised that GLOVER had been designated Officer in Charge of Searches and Seizures in Unit 1733 of the Minutemen under the leadership of DON WILKINSON. On 9/12/68, GLOVER contacted WILKINSON and told WILKINSON he had discovered a Delco system (a power generator) and that he was going to steal it. GLOVER stated this system was at a hunting camp and that he and another individual would steal it during the day and give it to a friend who needed it.

157-2444-356 On 9/27/68, [FOIA(b)7 - (D)] advised GLOVER contacted SONNY TAYLOR at TAYLOR's home during the first or second week in September, 1968, and obtained his .16 gauge sawed-off shotgun which he had given TAYLOR to keep for him. GLOVER said he needed the shotgun to trade it for explosives but that TAYLOR could get his .12 gauge shotgun at sometime in the future. GLOVER talked of how the Negroes were taking over the country and urged TAYLOR to become more active in the SDG in the Natchez - Ferriday area.

157-2444-357 On 9/24/68, [FOIA(b)7 - (D)] advised GLOVER and E. D. MORACI met with DON WILKINSON on 9/20/68 at the Fountain Lounge in Natchez and turned in their applications for the Minutemen and each paid \$10 initiation fee. GLOVER had not filled out his application but WILKINSON persuaded GLOVER to sign the application and to fill in his driver's license number.

157-2444-359 On 10/8/68, [FOIA(b)7 - (D)] advised GLOVER recently commented to DON WILKINSON that he wanted [redacted] to work with him in conducting searches and seizures in Unit 1733 of the Minutemen. The following information was contained on GLOVER's application for membership in Unit 1733 of the Minutemen: Name - RALEIGH JACKSON GLOVER; Address - Washington, Miss.; General Delivery; Social Security #426-16-2551; Driver's License # - Miss. 1663061; Place of Birth - St. Augustine, Texas; Date of Birth - 1/10/22; Sex - Male; Occupation - Tire Builder; Skills, Abilities, Hobbies - Hunting and Fishing; Education - 10th Grade; Marital Status - Married; Children - One step-son; Make of Car - 1964 Oldsmobile; License Number - 1968 La. 159-477; Nationality of Parents - Irish; Religion - Protestant; Organizations - Ku Klux Klan; Military Service - NCB; Rank - SF-2-C; Type of Discharge - Honorable; Leadership Positions Held - KBI Investigator. GLOVER indicated he would be interested in working with combat teams and espionage work. Under remarks, GLOVER commented, "I will never surrender."

157-2444-360 On 10/8/68, [FOIA(b)7 - (D)] advised GLOVER contacted E. D. MORACE at MORACE's home in Vidalia, La., on 10/2/68. GLOVER indicated he still had misgivings regarding the Minutemen and did not fully trust DON WILKINSON but wanted to test WILKINSON soon by having WILKINSON help him move some explosives.

157-2444-362 On 10/15/68, [FOIA(b)7 - (D)] advised GLOVER and his wife arrived at the home in Vidalia, La., of E. D. MORACE on 10/11/68 in GLOVER's pickup truck. While the wives were talking, GLOVER got from the floor of the cab of his pickup truck a package wrapped in newspapers, bags, and a plastic sheet. This package contained what was later determined to be a PPSH-1941, a Russian-made "burp gun" used during World War II and capable of being fired fully automatic or semi-automatic, being of 7.62 mm. The weapon contained no ammunition, nor did the drum-type magazine. The weapon bore serial number A1514 and had a wooden stock. On the right side of the wooden stock two crossed dueling pistols (the emblem of the U. S. Army Military Police) had been cut into the wood, and on the left side of the stock, a circle enclosing an arrowhead (which is the emblem of a U. S. Army Division) had been cut into the wood. GLOVER did not state where he got his PPSH-1941, how long he had it, or what he intended to do with it. He did state he had "some ammunition for it," but stated he did not have a large supply of ammunition. GLOVER asked MORACE to keep the weapon for him "for awhile." GLOVER gave no indication as to how long he wanted MORACE to keep the weapon.

157-2444-363 On 10/28/68, [FOIA(b)7 - (D)] advised GLOVER had recently gotten in touch with DON WILKINSON and advised him that inasmuch as he was in charge of searches and seizures for Unit 1733 of the Minutemen, he would need at least one man to help him. WILKINSON advised GLOVER he could give GLOVER his personal man, JAMES SWILLIE. GLOVER was satisfied with the choice but SWILLIE declined and later advised WILKINSON he did not desire to work with GLOVER since he was afraid of GLOVER. GLOVER commented in a recent meeting that they should all buy Australian camouflaged hats and make every effort to obtain ammunition and explosives and medical supplies. On 10/25/68, GLOVER asked WILKINSON to help him move some "stuff" that he had buried. GLOVER did not re-contact WILKINSON in this regard, however, and no dynamite or explosives were moved and GLOVER had returned to Kentwood, La., with his wife.

JN 157-2444

157-2444-365 On 10/29/68, [FOIA(b)7 - (D)] advised GLOVER and E. D. MORACE met on 10/29/68 in Ferriday, La. GLOVER said the FBI had been following him in Bell Telephone trucks. While MORACE and GLOVER were talking, they saw a white car with an Orkin sign on the side and GLOVER confided to MORACE he realized it was really the "Feds" as they had cars with all kinds of signs. GLOVER spoke of his distrust of DON WILKINSON of the Minutemen and said he had to get back his Minutemen application from WILKINSON or he could be convicted for treason. GLOVER said he was going to figure out a way to bring WILKINSON in on a serious crime like murder to test him. GLOVER asked MORACE if he still had the Russian "Burp Gun" to which MORACE answered in the affirmative. GLOVER told MORACE that the Russian gun had been stolen "up the road," nodding his head toward Natchez, Miss. GLOVER took MORACE to his (GLOVER's) pickup truck and raised the hood. GLOVER asked MORACE how he could start a vehicle like that if he had no key and wanted to steal the vehicle. MORACE pointed out how to run a wire direct to make the vehicle start.

157-2444-366 On 2/22/68, [FOIA(b)7 - (D)] advised that JAMES F. LEE still believes TOMMIE LEE JONES is furnishing information to the FBI because in the past he had asked questions about the bush hog matter in which GLOVER was involved and this was none of JONES' business and he had no reason to inquire into this matter.

157-2444-367 On 11/15/68, [FOIA(b)7 - (D)] advised GLOVER had contacted WILKINSON three times during the first two weeks of November. GLOVER told WILKINSON he wanted him to get two men from Unit 1733 of the Minutemen and move a machine gun that he had hidden. GLOVER told WILKINSON they might have to "fight the Feds" and that he should get two of his best men. WILKINSON told GLOVER he had been prepared to move the dynamite which GLOVER said he had hidden two weeks ago but that GLOVER had never contacted him concernint it. GLOVER told WILKINSON he was testing him but that he really had a job for them to do at this time. GLOVER is still having problems with his wife and said he wished she would stay down in Kentwood with her family. GLOVER is reportedly still seeing [redacted] in Vidalia, La.

157-2444-368 On 11/20/68, [FOIA(b)7 - (D)] advised GLOVER was at E. D. MORACE's house in Vidalia, La., on 11/15/68 and wanted to see the Russian "Burp Gun" he had given MORACE to keep for him. GLOVER said he had traded a sawed-off .20 gauge shotgun for the "Burp Gun." GLOVER still does not trust WILKINSON of the Minutemen. GLOVER now mistrusts SONNY TAYLOR and thinks TAYLOR told on him and caused his arrest for stealing the bushhog since TAYLOR helped him move the bushhog and knew about it. GLOVER refused to attend a Minutemen meeting at the Barbeque Pit in Natchez on 11/19/68 since the "Feds" watch that place all the time.

157-2444-368 (Con't.)

GLOVER told MORACE he had something to give him to keep, then took MORACE to his pickup truck and on the floorboard of the pickup was a sawed-off .12 gauge shotgun. This gun appeared to be just over the legal length. GLOVER took two empty shells from the chambers of the gun and said there was one Negro who would not cause any more trouble. He gave MORACE the two empty hulls to keep.

157-2444-369 On 11/28/68, [FOIA(b)7 - (D)] advised GLOVER was in attendance at a meeting of Unit 1733 of the Minutemen on 11/16/68 at the Shamrock Motel in Vidalia, La. GLOVER is currently planning to move to Kentwood, La., and will probably be living at his present location for another 30 days. GLOVER apparently does not intend to give up his position at Armstrong Tire and Rubber Co. and will probably spend the weekends in Kentwood with his wife and the work week in Natchez, Miss., in a rooming house. Since last contact with WILKINSON, GLOVER has not made any mention of the explosives or the machine gun which he wished the Minutemen to move for him.

157-2444-370 On 11/26/68, [FOIA(b)7 - (D)] advised GLOVER attended a meeting of the Minutemen Squad Leaders at the Shamrock Motel Lounge, Vidalia, La.

157-2444-371 On 12/11/68, [FOIA(b)7 - (D)] advised DON WILKINSON contacted GLOVER on 12/1/68 and advised GLOVER that he was to go with WILKINSON to Vidalia, La., to handle a Negro school teacher who had been giving E. D. MORACE's son trouble in school. GLOVER became upset and advised WILKINSON the FBI had been following him for three days and he would land in jail if he made one wrong move. GLOVER told WILKINSON the biggest mistake he made in his life was signing his name to the Minutemen application form since the FBI could get this form and prosecute him for conspiracy. GLOVER told WILKINSON he should write to Minutemen headquarters immediately and tell them not to send him any literature or anything else through the mail, since this was a Federal violation.

157-2444-372 On 12/11/68, [FOIA(b)7 - (D)] advised GLOVER and E. D. MORACE met on 12/3/68 and discussed the Minutemen situation. GLOVER said he had taken Minutemen Network Commander DON WILKINSON on a little trip to steal tires for his, GLOVER's, truck and said WILKINSON is all right. GLOVER exhibited a new "Come-A-Long" and said it could be used to lift a safe into his truck. GLOVER said if a Minutemen or SDG member needs help financially, they would burglarize the feed store south of Natchez, Miss., and use the "Come-A-Long" to haul away the safe. GLOVER said the "Feds" were watching him every day and for MORACE to get the "stuff" ready and he would be by to get it sometime soon.

157-2444-372 (Con't.)

GLOVER and MORACE were in the Barbeque Pit, Natchez, Miss., on 12/1/68 when ERNEST AVANTS joined them. GLOVER then asked if anyone knew the Judge who ruled against AVANTS and where he lived. He said most judges and lawyers own a plantation and he wondered how the judge would feel if his cattle ate nitrate of sodium and died. GLOVER said if the judge's house was burned, it would make him think twice. GLOVER said they would not take any action against the judge at that time but would wait and see.

157-2444-374 On 12/11/68, [FOIA(b)7 - (D)] advised GLOVER contacted E. D. MORACE on 12/8/68 at MORACE's home in Vidalia, La. GLOVER said he had better pick up the Russian "Burp Gun" he had left there as he had heard the "Feds" would be searching for guns. MORACE went to his bedroom and returned with the "Burp Gun." He also gave GLOVER a dynamite container, a five-gallon metal can, and GLOVER stuck the "Burp Gun" partly into the can and carried it to his pickup truck. GLOVER said he was taking the gun to a safer place.

157-2444-376 On 12/23/68, [FOIA(b)7 - (D)] advised WILKINSON had helped GLOVER move his personal effects from Natchez, Miss., to Kentwood, La.

157-2444-377 On 1/6/69, [FOIA(b)7 - (D)] advised GLOVER contacted DON WILKINSON on 12/15/68. GLOVER advised he had moved to Kentwood, La., and that he and his wife are currently living there. He stated he commutes daily to Armstrong in Natchez, Miss., where he intends to continue working. GLOVER commented that he was in possession of a machine gun and that he was thinking of leaving it with WILKINSON for safe keeping.

157-2444-378 On 1/6/69, [FOIA(b)7 - (D)] advised MORACE and GLOVER met on 12/28/68 and decided to abandon the idea of taking any action against the judge (HAROLD COX) who had sentenced ERNEST AVANTS, since MORACE had determined through JOE DANIEL HAWKINS that Judge COX owned no land or cattle and his house in Jackson, Miss., was constantly guarded by FBI Agents with machine guns.

157-2444-379 On 1/15/69, [FOIA(b)7 - (D)] advised GLOVER met with DON WILKINSON on 1/7/69 and told WILKINSON he had in his possession three coils of dynamite wire which they had to hide immediately. They then proceeded north on Highway 61 to an isolated Negro cemetery off the main road and buried the dynamite wire there. In addition to the dynamite wire, GLOVER also had two carbines and several shotguns and rifles and a quantity of ammunition in the trunk of his car at the time. Source stated GLOVER is presently active in Unit 1733, Minutemen.

157-2444-380 On 1/11/69, [FOIA(b)7 - (D)] advised GLOVER was seen on 1/2/69 in the late afternoon in the sporting goods department of Woolco Department Store, Natchez, Miss. He was alone at the time and seemed to be making inquiries about purchasing some hunting boots.

157-2444-382 On 1/14/69, [FOIA(b)7 - (D)] advised R. J. GLOVER attended a meeting at the Barbecue Pit in Natchez with Minutemen Network Commander DON WILKINSON, on 1/6/69. On 1/7/69, GLOVER met with E. D. MORACE and told MORACE he had some stuff he wanted MORACE to keep for him. He took MORACE to his 1964 white Oldsmobile parked outside and from the trunk of the car, took two carbines and a cardboard box with a roll of dynamite wire in it. GLOVER gave the items to MORACE and told him to have KENNETH NORMAN HEAD convert the two carbines into fully automatic weapons and for MORACE to keep the wire. The two carbines are described as follows: (1) Military U. S. M-1 .30 caliber carbine, SN 415551, which had no clip. Stamped on the barrel was "Buffa Arm- 11-1943." (2) Military U. S. M-1 .30 caliber carbine, SN 290220, without a clip, but equipped with a canvas sling. Stamped on the barrel were the words "Inland Mfg. Div., General Motors."

157-2444-384 On 1/30/69, [FOIA(b)7 - (D)] advised GLOVER contacted E. D. MORACE on 1/23/69 and inquired of MORACE if he had the explosives handy. MORACE said he could get the explosives very quickly. GLOVER said he had talked to DON WILKINSON of Natchez who had been in contact with SAM BOWERS of Laurel, Miss., and if BOWERS were to be convicted on the murder charge in the DAHMER case that week, he wanted several explosions throughout Mississippi, including the Natchez area. GLOVER said he would be watching for the verdict in the BOWERS case. It is noted BOWERS was not convicted.

157-2444-385 On 2/10/69, [FOIA(b)7 - (D)] advised DON WILKINSON had met with E. D. MORACE on 2/7/69 and advised MORACE that he had received orders from the National Minutemen Headquarters to detonate three mortar-like devices in the area to distribute Minutemen literature and commented that he had notified Minutemen Headquarters that these orders would be carried out. GLOVER was to be in attendance at this meeting but was not. WILKINSON said GLOVER would be responsible for obtaining the dynamite fuse and the black powder. On 2/9/69, WILKINSON again contacted MORACE, at which time MORACE said he had been contacted by GLOVER and MORACE had advised GLOVER of his responsibility regarding the project. GLOVER advised MORACE he would obtain the powder and fuse as soon as possible.

157-2444-387 On 2/5/69, [FOIA(b)7 - (D)] advised GLOVER and KENNETH NORMAN HEAD contacted E. D. MORACE on 2/3/69 about the Minutemen organization. GLOVER said he didn't think WILKINSON himself was even accepted by Minutemen headquarters. GLOVER exhibited a silver dollar and said there was enough men with silver dollars to get the job done and they did not really need the Minutemen. GLOVER said he wanted to have a meeting and fish fry or barbeque of SDG members soon. GLOVER discussed weapons available and said he had two rifles with scopes hidden and was afraid they would rust. GLOVER spoke of the Russian "Burp Gun" and said he was now testing another man by having this man keep the "Burp Gun." GLOVER asked HEAD about converting carbines to fully automatic and HEAD said he only had one kit and was saving it for his own carbine. GLOVER said there was a man at the mill who would trade a Thompson sub-machine gun for a pump shotgun and two carbines and GLOVER intended to trade for it.

157-2444-388 On 2/11/69, [FOIA(b)7 - (D)] advised the Ferriday - Natchez Unit #1733 of the Minutemen had been assigned the project of shooting three cannons, shooting pamphlets from the cannons, by 3/10/69. In planning the project, GLOVER was assigned the responsibility of obtaining the black powder and fuse, which assignment GLOVER accepted.

157-2444-389 On 2/18/69, [FOIA(b)7 - (D)] advised that to date, GLOVER has not made any effort to obtain the black powder and dynamite as assigned by DON WILKINSON of the Minutemen for use in the project.

157-2444-394 On 3/4/69, [FOIA(b)7 - (D)] advised GLOVER had been unable to obtain any black powder and since none was available he was reluctant to buy any. GLOVER is on the team of E. D. MORACE to shoot a mortar in Vidalia, La.

157-2444-396 On 3/18/69, [FOIA(b)7 - (D)] advised that PAUL TOLBERT met with E. D. MORACE on 3/14/69. TOLBERT told MORACE he had an item which R. J. GLOVER had been wanting and for MORACE to tell GLOVER that he, TOLBERT, had the item for him.

157-2444-33 On 2/3/67, [FOIA(b)7 - (D)] advised that during the past week, JERRY MOON was overheard inviting fellow employee "RED" GLOVER to the state UKA meeting on Sunday, 2/5/67, near Carthage, Miss. After a hassel and finally agreeing that both were Klansmen, GLOVER confided in MOON the following: Two Negro employees of Armstrong went to GLOVER during past week to inquire as to whether or not what they had were blasting caps. GLOVER told them he did not know and felt he was being set up so he went to the plant manager to report the matter. Thereafter, police and FBI Agent came out and recovered the two objects. MOON questioned GLOVER if they were caps and GLOVER said he did not know. GLOVER said FBI had him worried as they had been checking with his neighbors in La., places he trades, and is worried they will pick up JACK SEALE and him for the bombing of GEORGE METCALFE's car at Armstrong more than a year prior. GLOVER said FBI just wouldn't leave him alone. He did not indicate why he thought he would be picked up nor did he indicate he was guilty or that he knew JACK SEALE was. GLOVER said he could prove he was in the plant working at that time. GLOVER said word had been put out that he and JACK SEALE were going to bomb the Marville Lounge in La. and persons connected with the Marville had sent word that if GLOVER and/or SEALE came back there, they would be killed. GLOVER was afraid these people would do just that if GLOVER and SEALE were caught in the proper spot.

* 157-2444-35 On 2/17/67 [FOIA(b)7 - (D)] advised that about 2/15/67, R. J. "RED" GLOVER, Klansman from Ferriday, La., began to issue invitations to men in the area, including at least one Klansman, to a "coffee drinking" session to be held about 7:30 p.m., 2/20/67, at Shamrock Motel, Vidalia, La. According to GLOVER, about 40 men were going to attend and following the drinking of coffee at Shamrock Motel, group was to move to the Cornet Restaurant in Ferriday, La., to "drink some more coffee." Specific nature of meeting not known and has not been discussed by GLOVER.

* 157-2444-34 On 12/21/66, [FOIA(b)7 - (D)] advised GLOVER has a small, brown-colored notebook which contains list of all Klansmen in the Ferriday-Vidalia, La., area. Notebook also contains list of all members of Silver Dollar Group (SDG). GLOVER seldom carries this notebook but keeps it locked in a drawer at home. GLOVER has a large variety of weapons and several hundred rounds of M-1 carbine ammunition hidden in his home.

JN 157-2444

157-2444-37 On 3/3/67, [FOIA(b)7 - (D)] advised GLOVER works at Armstrong Rubber Co., is a cocky braggard, who, since the inception of the Klan activity in Vidalia, continually brags that he "would like to pop some caps on any Negro." In June, 1963, traveled to Shreveport, La., at request of Klan leaders in Shreveport to attend Negro rally, was very heavily armed with automatic rifles, shotguns, and pistols. Was extremely unhappy when advised by head of Klan in Shreveport that there would be no violence and that he should return to Vidalia. Would commit any act of violence at any time if he could get anyone to accompany him. Has bragged so much in years past he cannot afford to back out on anything.

157-2444-40 On 2/28/67, [FOIA(b)7 - (D)] advised GLOVER should be considered a prime suspect in the bombing of WHARLEST JACKSON, Natchez, Miss., 2/27/67, (Jackson WHARBOM case).

157-2444-41 On 3/3/67, [FOIA(b)7 - (D)] advised subject resided at Taconey Subdivision, Vidalia, La., and was employed by Armstrong Rubber Co., Natchez. Stated GLOVER was member of SDG and considered GLOVER prime suspect in WHARBOM case as he is type individual who could commit such a crime.

157-2444-43 On 3/10/67, [FOIA(b)7 - (D)] advised GLOVER is member of Klan-type group in La. and apparently has automatic weapons.

157-2444-44 On 3/8/67, [FOIA(b)7 - (D)] advised that JAMES SCARBOROUGH, ED MORACE, RALEIGH JACKSON GLOVER, and KENNETH NORMAN HEAD, who reside in the Vidalia - Ferriday, La., area, are members of the SDG.

157-2444-46 On 3/9/67, [FOIA(b)7 - (D)] advised GLOVER drove his old pickup truck to UKA rally held at field in Ferriday, La., during March, 1966, where JACK HELM spoke. GLOVER was in civilian clothes. Source advised GLOVER has reputation of being "loner" and did not appear to be accompanied by anyone at the rally.

JN 157-2444

157-2444-50 On 3/5/67, [FOIA(b)7 - (D)] stated he would contact GLOVER in the immediate future and believes he can determine through his contact with GLOVER if GLOVER and his group had anything to do with the murder of WHARLEST JACKSON.

157-2444-51 On 3/19/67, [FOIA(b)7 - (D)] advised he had been working in the area of GLOVER but he had volunteered nothing to identify the perpetrators of the WHARLEST JACKSON murder. Source stated GLOVER drove a pickup truck. In connection with the alleged delivery of a package from GLOVER to CARTER, a mechanic at Bluff City Motors who had a motor fall on him is the one who supposedly made the delivery. Source did not see the package and this was before source was sworn into Klavern 800 in Natchez. Source said GLOVER sometimes rides to work with PETE WATTS, GLOVER's step-son.

Source characterized GLOVER as a real radical toward Negroes, explaining that the sight of a Negro infuriates GLOVER to no end. GLOVER is close to NORMAN HEAD, BUCK HORTON, and E. D. MORACE.

157-2444-54 On 3/28/67, [FOIA(b)7 - (D)] advised GLOVER was a member of Unit 800, UKA, Natchez, Miss. Source advised GLOVER did not attend the meeting held 3/25/67 at the Patrician Motel in Ferriday, La.

GLOVER came to the home of TAYLOR, asked him for a regular dollar, and in exchange gave him a silver dollar dated 1886 with a small hole in the top of this silver dollar. At the time, GLOVER was in his old pickup truck and an unknown individual was in the truck with him.

JN 157-2444

157-2444-56 On 3/16/67, [FOIA(b)7 - (D)] advised that BARBARA WATTS, wife of JAMES "PETE" WATTS, who is the step-son of RALEIGH JACKSON GLOVER, telephonically confided in source's wife two or three days after the killing of WHARLEST JACKSON, that GLOVER had stored explosives at her house believed to be nitroglycerin. It was not known when the explosives were stored at the house. Source related that based upon comments made by JAMES and BARBARA WATTS, he strongly believes that GLOVER was a participant or an accessory in the theft of the portrait of JEFFERSON DAVIS from the Jefferson Davis Hospital in Natchez. He stated Mrs. WATTS had indicated to his wife that GLOVER brought the portrait to his step-son's residence for storage and strongly believes this portrait is presently stored at the WATTS residence. Source described GLOVER as a "hot head" and one who despises Negroes so much that he believes GLOVER is capable of committing any act of violence against them. Once GLOVER had remarked regarding a sawed-off shotgun, "It ought to get a lot of niggers."

157-2444-57 On 4/6/67, [FOIA(b)7 - (D)] advised he has been alert at Armstrong for any pertinent information regarding GLOVER with negative results.

157-2444-58 On 3/21/67, [FOIA(b)7 - (D)] advised that "the junkman" is known to him as ELTON HESTER from Meadville, Miss., and it was source's impression he had acquired this nickname due to the fact he was a person in the Klan who possessed explosives. GLOVER told source it was just a nickname and provided no further details. Source stated all members of the SDG feel GLOVER is the leader and inspirational force of this group. Source stated he had personally seen GLOVER give silver dollars to BUCK HORTON, Vidalia, Louisiana; E. D. MORACE, Ferriday, La.; SONNY TAYLOR, Harrisonburg, La.; and JAMES LEE of Wildsville, La.

157-2444-59 On 3/29/67, [FOIA(b)7 - (D)] advised GLOVER had denied having any knowledge of fish fry in Summer of 1965 and stated someone was feeding the FBI a line because they did not like him.

157-2444-61 On 3/31/67, [FOIA(b)7 - (D)] advised he had heard GLOVER's name from some Klansmen in Natchez but did not recall any specifics.

JN 157-2444

157-2444-62 On 3/29/67, [FOIA(b)7 - (D)] advised GLOVER first approached SONNY TAYLOR about joining the SDG about six months prior to the fish fry held 6/26/65 at residence of JAMES FREDERICK "RED" LEE. About two months after that, GLOVER gave TAYLOR a silver dollar and told him he had been accepted as a member of the group.

157-2444-63 On 4/13/67, Former [FOIA(b)7 - (D)] was shown a photograph of subject and stated he believed GLOVER was in the OKKKKOL. Source stated GLOVER employed in Tire Building Department of Armstrong Tire and Rubber Co., Natchez, Miss., and continued to socialize with EDNA PENNINGTON on break.

157-2444-64 On 4/15/67, [FOIA(b)7 - (D)] advised subject not known to be close to SAMMY WOOD, Supervisor at Armstrong who asked WHARLEST JACKSON to work late on the night he was killed.

157-2444-65 On 4/13/67, [FOIA(b)7 - (D)] advised he saw GLOVER at TINY LEWIS' Bar-B-Que Pit on 4/8/67 and GLOVER had come for specific purpose of meeting ERNEST AVANTS and to find out about the murder trial of JONES in Natchez. GLOVER had not met AVANTS prior to that time.

157-2444-66 On 4/17/67, [FOIA(b)7 - (D)] advised that GLOVER was upset because FBI Agents had learned that nitroglycerine was hidden in his step-son's residence and wanted to know who was talking around town.

157-2444-70 On 4/11/67, [FOIA(b)7 - (D)] advised GLOVER remarked that he did not trust JAMES SCARBOROUGH, TOMMY JONES, or THOR LEE TORGERSEN because they had seen him pull the trigger on a "nigger, but I haven't seen them." He was also heard to say something about the Sheriff in Woodville, Miss., having lost all of his guns. GLOVER also stated that "I have blown up a 'nigger' Masonic lodge around Brookhaven, Miss."

157-2444-71 On 4/20/67, [FOIA(b)7 - (D)] advised GLOVER was very much on the move lately and had moved his wife to Kentwood, La.

157-2444-72 On 4/27/67, [FOIA(b)7 - (D)] advised GLOVER had been in touch with TOMMIE L. JONES regarding JONES becoming a member of the SDG and had given JONES a silver dollar on 4/26/67. Source said he had been in contact with GLOVER and GLOVER made no comment about any "jobs" (past or future), nor did he mention explosives. GLOVER told source he could hold meeting with his group at any time and was not afraid to have meetings any more. The date 1899 appeared on the

silver dollar given to TOMMIE L. JONES.

JN 157-2444

157-2444-73 On 5/4/67, [FOIA(b) 7 - (D)] advised ELDEN GLEN HESTER and RALEIGH JACKSON GLOVER had been talking at GLOVER's tire-building machine during working hours at Armstrong.

* 157-2444-75 On 5/5/67, [FOIA(b) 7 - (D)] advised GLOVER was staying at the residence of his step-son, JAMES WATTS, during the work week. GLOVER is in marital trouble and JAMES WATTS is disturbed over GLOVER's association with [redacted] of Vidalia, La.

157-2444-77 On 4/22/67, [FOIA(b) 7 - (D)] advised that SONNY TAYLOR had helped GLOVER remove four or five boxes, one of which was an Army ammunition box and a medium-sized child's toy drum from the attic of GLOVER's house on 4/18/67. GLOVER also secured eight or ten old shot-guns from the attic, which GLOVER said were just old "nigger guns," and commented that any gun he could get from a Negro was one less gun they had. These guns, along with the boxes, were placed under a tarp in the back of GLOVER's pickup. GLOVER also picked up several shovels, axes, and tools which he said belonged to SCRAPMAN (HESTER) and indicated that all of the "stuff" (including the boxes, guns, and tools) belonged to SCRAPMAN and he was going to take it to SCRAPMAN. GLOVER indicated the "stuff" had been obtained from an employee of a seismograph company. Source advised on 4/20/67 GLOVER had sold his house and had moved all household goods to Kentwood, La., where GLOVER has a small house about 12 miles east of Kentwood. GLOVER stated he was having trouble with his wife and was moving her to Kentwood to get her out of the way. GLOVER stated he intended to stay in Natchez and work during the week and would go home on weekends.

157-2444-78 On 5/3/67, [FOIA(b) 7 - (D)] advised that on 4/27/67, SONNY TAYLOR contacted GLOVER in Vidalia, La., and during a discussion of the bombing of WHARLEST JACKSON in Natchez, Miss., GLOVER was asked how the bomb in the truck was timed to go off sometime after the truck was started. GLOVER said that was no problem inasmuch as you could hook up the bomb to a turn signal wire on the vehicle and the bomb would not go off until the turn signals were used. GLOVER commented that if the wire was put on the right turn signal, then the bomb would go off when the right turn signal was used and if the wire was put on

JN 157-2444

157-2444-78 (Con't)

the left turn signal, then it would go off when the left turn signal was used. GLOVER told TAYLOR any time he wanted a fully automatic rifle, he (GLOVER) could get him one. GLOVER's fully automatic rifle was seen in his possession about three or four weeks prior to 4/27/67. Source advised GLOVER seems to be drinking more now and appears to be under some strain, is obviously worried and more moody and grouchy. The only reason GLOVER keeps any close associates as friends is that he is very accommodating to his friends in times of need.

*

157-2444-81 On 5/16/67 [FOIA(b)7 - (D)] advised GLOVER had contacted him on 5/3/67. During the discussion, Source asked GLOVER about meetings of the SDG and GLOVER told him there had been four or five meetings of the SDG in Miss. in the past and five or six meetings in La. in the past. GLOVER indicated there would be no meetings at that time due to the fact things were "hot."

*

157-2444-79 On 5/13/67, [FOIA(b)7 - (D)] was shown photos in the Silver Dollar Album and stated GLOVER was known to him but he had no pertinent information regarding GLOVER's activities.

157-2444-82 On 4/25/67 [FOIA(b)7 - (D)] advised GLOVER had talked about building a hole in the hill located on his property and making a cement house so he would have some place in which to "put his stuff." GLOVER said the FBI would never find a large amount of explosives which had been taken in Mississippi. GLOVER is known to have had three automatic .30 caliber carbine rifles. GLOVER is close personal friend of Vidalia, La., Chief of Police BUD SPINKS.

157-2444-83 ~~On 5/18/67, JN 126-Rx (RRB)~~ (No pertinent info)

157-2444-88 On 5/9/67 [FOIA(b)7 - (D)] advised GLOVER had examined some grenades which he had given MORACE on the evening of 5/2/67. GLOVER told MORACE the grenades were all right; then gave MORACE two more grenades for safekeeping. GLOVER continues to visit various members of the SDG to assure them that everything is all right and that he (GLOVER) is standing firm.

157-2444-89 On 5/27/67, [FOIA(b)7 - (D)] advised that GLOVER told M. D. CUPSTIF of Natchez that he was forming a new group called the Silver Dollar Group and he had about 20 men in it, all of whom were formerly members of other Klan groups. GLOVER said he was formerly a member of the OKKKK.

JN 157-2444

157-2444-90 On 5/29/67, [FOIA(b) 7 - (D)] advised MYRON WAYNE "JACK" SEALE met with GLOVER on 5/25/67 in Natchez, Miss., and GLOVER seemed leery in his conversation. GLOVER supposedly told SEALE things were "hot" but did not elaborate. GLOVER is still trying to determine the leake in his organization.

157-2444-91 On 5/31/67, [FOIA(b) 7 - (D)] advised that prior to GLOVER's moving to Kentwood, La., [REDACTED]

157-2444-92 On 5/17/67, [FOIA(b) 7 - (D)] advised R. J. GLOVER, head of the SDG, has given code names to places of contact for SDG members in the past; e.g., SONNY TAYLOR's residence - "Broken Arrow," ELDEN HESTER's place - "Big Nuts," the camp on the Miss. River - "Water Fall."

157-2444-93 On 5/16/67, [FOIA(b) 7 - (D)] advised that E. D. MORACE is not known to have ever recruited anyone into the SDG for GLOVER as it has always been GLOVER's policy to "hand pick" men for the SDG. Source advised every member of the SDG is supposed to have a silver dollar, which coin was to be used as a means of identification.

157-2444-94 On 6/6/67, [FOIA(b) 7 - (D)] advised he knew of no association between RALEIGH JACKSON GLOVER and M. D. CUPSTID.

157-2444-97 On 5/31/67, [FOIA(b) 7 - (D)] advised SONNY TAYLOR was visiting the farm of ELTON HESTER and while waiting for HESTER to return, TAYLOR found his chain saw which GLOVER had previously borrowed from TAYLOR, then claimed the saw had been stolen. TAYLOR became infuriated and started telling SDG members how HESTER and GLOVER had lied to him regarding the chain saw. Source advised that TAYLOR indicated the "red dog rack" observed on GLOVER's truck previously (which is commonly used by fox hunters to haul hounds) was stolen by GLOVER in the vicinity of Harrisonburg, La.

157-2444-98 On 6/3/67, [FOIA(b) 7 - (D)] advised that during the past week he had seen GLOVER talking with ELDON GLEN HESTER on two occasions--once inside the plant and once outside the plant at the automobile of [REDACTED].

157-2444-99 On 6/15/67, [FOIA(b)7 - (D)] advised that approximately one year prior to that time, RALEIGH JACKSON GLOVER had approached MILTON SMITH and asked him to get into the Klan in Louisiana. SMITH refused and GLOVER has not approached SMITH recently in this regard.

157-2444-100 On 6/13/67, [FOIA(b)7 - (D)] Source advised GLOVER had stopped to talk to E. D. MORACE on 6/8/67 regarding the rifles and to fill MORACE in on "a little dope". Prior to the time they got started talking, MORACE's employer appeared on the scene and GLOVER left. On 6/12/67, SONNY TAYLOR, E. D. MORACE and BILL BLANEY were engaged in conversation while in TAYLOR's yard at his residence near Harrisonburg, La. BLANEY told TAYLOR and MORACE that he and GLOVER had burglarized Tuminello's Liquor Store near Ferriday, La., about five or six months prior to that time. BLANEY did not indicate how much liquor they had stolen but did say they had loaded GLOVER's car with whiskey. BLANEY also told MORACE and TAYLOR that he and GLOVER had broken into the Bonanza Club, MORACE's former business establishment, and had stolen several bottles of whiskey and two cases of beer. Source furnished details of theft of chain saw by GLOVER and ELDEN GLEN HESTER from SONNY TAYLOR, as set forth in correlation of Serial 97.

157-2444-101 On 5/30/67, [FOIA(b)7 - (D)] advised that JAMES "BILL" BLANEY, in conversation with E. D. MORACE, had called GLOVER a dirty SOB for borrowing TAYLOR's chain saw, loaning it to ELDEN HESTER, then claiming that a repairman had stolen the chain saw, when actually it was in the possession of ELDEN HESTER and GLOVER knew it. BLANEY told MORACE that when the Klan was meeting at the Chicken Shack in Clayton, La., he had stopped by when one of the meetings was in progress and had stolen two rifles which he gave to RED GLOVER. GLOVER then sold the rifles, kept all the money, and didn't give BLANEY anything. MORACE advised he owned an M-1 .30 caliber carbine which he had purchased from GLOVER. GLOVER wanted to convert this weapon to fully automatic but MORACE refused to let him make the conversion. MORACE advised he had seen and fired a U. S. Army .30 caliber carbine M-1 with refinished stock which belongs to GLOVER. The stock was bigger and the grip fuller than ordinarily found on a carbine.

157-2444-102 On 5/23/67, [FOIA(b)7 - (D)] advised that GLOVER continues to mention a large quantity of explosives stolen in Mississippi but GLOVER will not volunteer any additional information regarding these explosives.

JN 157-2444

157-2444-108 On 6/6/67, [FOIA (b) 7 - (D)] advised that sometime during the Fall of 1966, E. D. MORACE obtained, through a trade with R. J. GLOVER, a U. S. Carbine .30 caliber M-1, Serial Number 47204, for which GLOVER gave MORACE a bill of sale. The bill of sale indicated the weapon came from Otasco's Store in Vidalia, La., and was signed by JACK THOMAS.

157-2444-109 On 6/21/67, [FOIA (b) 7 - (D)] advised that on 6/16/67, [] had admitted that he [] and R. J. GLOVER had burglarized the Bonanza Club near Ferriday, La., and all the loot was taken (beer, whiskey and some money from a jukebox) by GLOVER, who was to split the proceeds with [] but never has done so. [] indicated he and GLOVER had stolen other things together which GLOVER had taken and was to split with [] but never did. [] also admitted at one time stealing a 30-30 rifle and a 30.06 rifle from a pickup truck parked at the Chicken Shack Cafe in Clayton, La., which cafe is operated by Deputy Sheriff FRANK DE LAUGHTER.

157-2444-110 On 6/7/67, [FOIA (b) 7 - (D)] furnished information regarding a bush-hog machine seen in possession of R. J. GLOVER on his property at Kentwood, La., on 4/20/67. Machine is described as most nearly resembling the McCormick model and is the type used in clearing right-of-way for pipelines. GLOVER, at that time intimated that "they" had unhooked this bush-hog from a tractor and stated they should have taken tractor and all but had no way at the time to carry the tractor away. GLOVER said that two men loaded this bush-hog onto a pickup truck; however, it is believed the machine was too heavy for two men to handle. It weighed between 700 and 800 pounds, was a real dark red color at one time and possibly a dark orange color at one time. GLOVER removed the identification plate from the frame of the bush-hog in the presence of GLOVER's wife's uncle and the uncle is bound to know about the theft of this machine. Source advised that about six months prior to that time, SONNY TAYLOR and GLOVER were riding together one day when GLOVER told TAYLOR he would show him where they could steal some good heavy equipment, then drove to a location south of Natchez about six miles to a large barn on a big plantation in the area. GLOVER noted there were many pieces of farm equipment in the barn and could be easily taken since no one was in the area at night. No effort was made to steal anything from this location at this time and it is unknown whether GLOVER ever actually stole anything from this place. On 6/7/67, BILL BLANEY stated he and BLUE HOLLOWAY had discussed the fact GLOVER had been selling Klansmen automatic rifles and making a big profit on them. In the

157-2444-110 (Con't)

Fall of 1966, GLOVER brought a fully automatic carbine in his possession to the home of SONNY TAYLOR, Harrisonburg, La., and at that time told TAYLOR he could get all the fully automatic rifles he wanted and tried to sell one of these guns to TAYLOR for \$96; TAYLOR did not buy one. The automatic fire control lever on the automatic rifle in GLOVER's possession at that time was filed off even with the stock, and had a leather sling. On 6/7/67, Mrs. JAMES F. LEE stated she was glad to hear the bad things GLOVER had done and described GLOVER as nothing but a thief, a rogue, and an agitator, stating she had told her husband this all along.

157-2444-112 On 6/29/67, FOIA(b)7 - (D) advised he initiated a conversation with ELDEN GLEN HESTER regarding GLOVER's arrest in Louisiana for possession of stolen property and HESTER, upon being asked what he knew about the arrest, stated, "I don't know anything about it" and immediately terminated the conversation.

157-2444-116 On 6/27/67, FOIA(b)7 - (D) advised that E. D. MORACE had told him that while he (MORACE) was operating the Bonanza Club near Ferriday, La., RED GLOVER had told two individuals he was broke and induced them into stealing two cases of beer and four fifths of whiskey from the Bonanza Club. Source believed these two individuals were SONNY TAYLOR and SCOTTY WRIGHT. MORACE also told source that the logger, SONNY TAYLOR and SCOTTY WRIGHT had gotten four or five carbines and had turned them over to GLOVER so he could put them in the "pot," meaning a storage place. Source and MORACE discussed the possibility of the SDG having a meeting and MORACE said GLOVER has indicated it is not the time for the group to get together.

157-2444-120 On 7/5/67, FOIA(b)7 - (D) advised that on 7/3/67, GLOVER and MYRON WAYNE "JACK" SEALE were in conversation together and GLOVER asked SEALE if he still wanted the "stuff." Source stated in the recent past SEALE had asked GLOVER if he had any dynamite fuse caps and inferred he needed two of these caps. GLOVER had told SEALE he did not have these items at that time. Source stated SEALE replied that he still wanted the "stuff," whereupon GLOVER produced a plastic pill bottle filled with sawdust and he began taking dynamite fuse caps out of the bottle. He wiped his fingerprints off each cap with his handkerchief, then placed all the caps back into the bottle and gave the bottle to SEALE. GLOVER then gave SEALE a piece of dynamite fuse about five feet in length and orange in color, which he had taken from an envelope.

JN 157-2444

157-2444-120 (Con't)

GLOVER then told SEALE he had given him a few extra caps so he could test them prior to using them. SEALE told GLOVER to let him (SEALE) know if he needed any assistance in obtaining an attorney regarding his arrest in Louisiana for possession of stolen property (bush-hog). Source advised that TOMMIE LEE JONES had told SEALE that the owner of the bush-hog is supposed to be a good friend of GLOVER but GLOVER is still unaware of the identity of the owner of the bush-hog.

157-2444-122 On 6/30/67 [FOIA(b) 7 - (D)] advised that JACK SEALE and R. J. GLOVER had met on the morning of 6/28/67 and discussed GLOVER's arrest in Kentwood, La., on the charge of receiving stolen property (a bush-hog). GLOVER told SEALE he knew nothing about the theft of this machine and the bush-hog was on his property when he bought the property. GLOVER stated the arrest had been brought by the FBI. GLOVER stated his bond in this matter was not \$1,000 but he did not indicate the amount of his bail. He inferred he was released on no bail. (NOTE: Serial 111, newspaper article re arrest of GLOVER, indicates he was released on \$1,000 bond.) Source stated GLOVER is cautious in all his conversations and seems to suspect those with whom he talks.

157-2444-123 On 7/3/67, [FOIA(b) 7 - (D)] advised RALEIGH JACKSON GLOVER stopped by the residence of E. D. MORACE on 6/28/67. MORACE told GLOVER he knew that GLOVER and [] had stolen whiskey and beer from the Bonanza Club while MORACE was operating it. At first GLOVER vehemently denied this theft but then admitted that it had occurred and that he had tried to talk [] out of stealing from MORACE. GLOVER also admitted the burglary of Tuminello's Liquor Store, Ferriday, La., and also implicated [] in this burglary but did not say where the stolen merchandise was stored. MORACE told GLOVER there was presently some talk among Klansmen in the Ferriday - Vidalia, La. - Natchez, Miss., area of bringing GLOVER to trial because of his thieving activities. GLOVER apologized to MORACE for his behavior and said he still wanted to remain friends. On 6/28/67, MORACE was heard telling several individuals that GLOVER's position in the Ferriday - Vidalia, La., area among the hardcore Klansmen had deteriorated greatly. MORACE said that GLOVER's lack of active leadership, coupled with the stories of his stealing and unfaithfulness to his wife, led many to question his fitness to lead them.

JN 157-2444

157-2444-124 On 7/14/67, FOIA(b)7 - (D) advised that he went to the Adams County Sheriff's Office in Natchez, Miss., after learning that RALEIGH JACKSON GLOVER had been arrested by the Adams County Sheriff's Office on a warrant from Jefferson County, Miss., charging him with theft, and there he telephoned BILL RILEY, a Natchez attorney, to represent GLOVER. GLOVER was released on \$1,000 bail. CHARLES FREEMAN JORDAN and HOWELL MC MANUS signed GLOVER's bond. After being released on bail, GLOVER told source he still had a lot of "stuff" and they better move it. ("Stuff" meaning explosives) GLOVER failed to call source back at 5:30 p.m. regarding moving the "stuff."

157-2444-125 On 7/15/67, FOIA(b)7 - (D) advised that RALEIGH JACKSON GLOVER was arrested on 7/14/67 as he left the Armstrong Plant in connection with the theft of a bush-hog at or in Jefferson County, Miss.

157-2444-126 On 7/18/67, FOIA(b)7 - (D) advised he had not heard from GLOVER since 7/14/67.

157-2444-127 On 7/21/67, FOIA(b)7 - (D) advised that as of 7/20/67, only \$69 had been collected at the Armstrong Tire Plant for the defense of GLOVER regarding the charge of possession of stolen property. On 7/22/67, same source advised GLOVER told him the bush-hog was on the property in Kentwood, La., when he bought it and moved in, that the weeds were so tall and it was so grown up around his place that he did not notice the bush-hog. Source said he believed this would be GLOVER's defense.

157-2444-128 On 6/20/67, FOIA(b)7 - (D) advised that during a recent discussion between BLUE HOLLOWAY, E. D. MORACE, and others, HOLLOWAY indicated to MORACE that he stood firmly against GLOVER and that GLOVER had taken advantage of them when he made an exorbitant profit with the sale of carbines to Klan members. KENNETH NORMAN HEAD told MORACE that all GLOVER wanted to do was go out and steal. All present indicated something should be done about GLOVER and his stealing.

JN 157-2444

157-2444-129 On 6/27/67, [FOIA(b)7 - (D)] advised that MYRON WAYNE "JACK" SEALE visited E. D. MORACE in Ferriday, La., on 6/27/67 at which time they discussed the incident regarding GLOVER, HESTER, and TAYLOR's chain saw, as well as GLOVER and [] stealing beer and whiskey from the Bonanza Club, Ferriday, La. MORACE recalled that GLOVER had concealed some primer cord in a child's toy drum (Re Correlation of Serial 77).

157-2444-130 On 7/25/67, [FOIA(b)7 - (D)] advised GLOVER was enthusiastic about his case involving the bush-hog, commenting that he now realizes he has a lot of friends standing behind him and he understood that over \$300 had been collected for his defense.

157-2444-131 On 7/24/67, [FOIA(b)7 - (D)] advised TOMMIE L. JONES had driven GLOVER from Natchez to his home in Kentwood, La., on 7/22/67. They returned to Natchez later and went to the Jefferson Davis Hospital to get GLOVER's truck which was parked there; but upon their arrival at the hospital, observed two strange automobiles, assumed they were FBI Agents watching GLOVER's truck, and JONES drove GLOVER directly to Armstrong Tire and Rubber Co.

157-2444-134 On 7/25/67, [FOIA(b)7 - (D)] advised JAMES FREDERICK LEE had told him on 7/22/67 that \$250 had been collected for the defense of GLOVER in the bush-hog matter.

157-2444-135 On 7/27/67, [FOIA(b)7 - (D)] advised there was no way of knowing exactly how much money had been collected for the defense of RALEIGH JACKSON GLOVER in the bush-hog matter.

157-2444-136 On 7/8/67, [FOIA(b)7 - (D)] advised his efforts to contact GLOVER on 7/7/67 met with negative results.

157-2444-137 On 7/12/67, [FOIA(b)7 - (D)] advised that during the time the Harrisonburg - Sicily Island, La., Unit of the OKKKK was meeting at Sicily Island and later when the unit split and the Harrisonburg Unit started meeting at Harrisonburg, GLOVER rarely missed a meeting. GLOVER was looked up to by the rank-and-file members of the OKKKK as a leader in the Vidalia - Ferriday, La., area and his advice was sought relative to Harrisonburg - Sicily Island Klan business. These contacts with Klansmen from the Harrisonburg - Sicily Island area afforded GLOVER the opportunity of looking over prospective candidates for his Silver Dollar Group.

JN 157-2444

GLOVER is telling all Louisiana SDG members he knows nothing concerning the theft of SONNY TAYLOR's chain saw, that he merely passed on information furnished him by ELDEN GLEN HESTER, and that he did not intentionally lie to TAYLOR about his saw. Re the bush-hog incident, GLOVER is telling Louisiana SDG members two stories. One is that it is SONNY TAYLOR's way of getting even with him over the chain saw incident, and the other is that the arrest for the possession of the bush hog is a trumped-up charge instituted by the FBI. Louisiana SDG members appear to be more interested in dropping GLOVER than in having a showdown with him. JAMES "BILL" BLANEY indicated that GLOVER still had two rifles in his possession which were stolen by BLANEY.

157-2444-138. On 7/17/67, [] advised he is well acquainted with GLOVER and does not believe GLOVER is the type person who would get involved in the murder of WHARLEST JACKSON as he has never been rowdy; informant admitted, however, that many people claim GLOVER is mean and vicious. GLOVER and [] were formerly very close but had a disagreement over union politics at Armstrong and are not friendly at this time. During the week of 7/2-8/67 [] was parked at a drive-in restaurant when GLOVER drove up in his vehicle and was hailed by []. GLOVER came over to [] and said he did not know whether to shake [] hand or blow his brains out. GLOVER also told [] that people had ridden him so much he did not know who he could trust any more.

157-2444-139 On 7/31/67, [] advised he visited with CHARLES DAVIDSON and REGGIE CARTER on the previous night and that RALEIGH JACKSON GLOVER was not mentioned by them, nor the postponement of GLOVER's hearing at Red Lick, La., concerning the theft of the bush-hog in Jefferson County, Miss.

157-2444-140 On 7/25/67, [] advised that KENNETH NORMAN HEAD and E. D. MORACE had discussed the obtaining of legal counsel for GLOVER in his bush-hog case and HEAD indicated that Vidalia, La., Justice of the Peace BOB PIPER, Businessman - Klansman J. B. TEMPLE, and HEAD had made arrangements for attorneys to represent GLOVER through Concordia Parish, La., State Representative FRED SCHIELE. GLOVER advised MORACE on 7/24/67 that he and his wife had moved back to Vidalia, La., and that GLOVER's wife had returned to her old job in Natchez, Miss.

JN 157-2444

157-2444-141 On 7/28/67, [FOIA(b)7 - (D)] advised he had learned from BILL RILEY, Natchez Attorney who is representing GLOVER in connection with his bush hog case in Jefferson County, Miss., that O. C. BROWN, a Baton Rouge, Louisiana, attorney, will represent GLOVER in connection with his bush hog case in Kentwood, La.

157-2444-142 On 8/3/67, [FOIA(b)7 - (D)] advised he talked with GLOVER in Natchez, Miss., on 7/28/67 and GLOVER told source that whoever is responsible for blowing up WHARLEST JACKSON is causing the FBI to investigate him. GLOVER stated JACKSON was not a trouble maker, was not a smart alec, and he was a good worker. GLOVER stated there were a number of Negroes at Armstrong who might have needed killing before JACKSON did. GLOVER told source he had done a number of things, without going into any details, but he did not have anything to do with the killing of WHARLEST JACKSON. GLOVER told source that JAMES FREDERICK LEE is the individual who organized the SDG because he wanted to start an underground organization within the Klan. GLOVER said there were only three or four meetings of the SDG and that the fishfry at the Wildsville, La., residence of LEE on 6/26/65 was the last meeting where a number of members were present. After that, the SDG members just got together one or two at a time. Source advised he had learned from BILL RILEY, attorney for GLOVER in connection with his bush hog case in Jefferson County, Miss., that GLOVER may be indicted in that county but he will never be tried there. Source stated RILEY contemplates changing venue in the case.

157-2444-145 On 7/31/67, [FOIA(b)7 - (D)] advised he was at the Bonanza Club in Ferriday, La., on 7/29/67 and during a conversation with E. D. MORACE, RED GLOVER's name was brought up. MORACE said he had warned GLOVER to slow down before the FBI caught up with him. MORACE stated he is convinced the FBI has framed GLOVER.

157-2444-148 On 8/2/67, [FOIA(b)7 - (D)] advised that on 7/31/67, SONNY TAYLOR went to Vidalia, La., to see R. J. GLOVER. He drove up to GLOVER's step-son's home, honked his horn, and GLOVER's step-son came outside. TAYLOR said he wanted to see GLOVER and after identifying himself as being SONNY TAYLOR, GLOVER's step-son said, "GLOVER said he does not want to see you and for you to go to hell." TAYLOR felt sure GLOVER was home at the time.

157-2444-149 On 7/11/67, [FOIA(b)7 - (D)] advised that during a conversation between JAMES SCAROBOROUGH and E. D. MORACE, GLOVER's name came up and SCAROBOROUGH said SDG member SONNY TAYLOR had caused GLOVER the trouble over the bush hog because of the chain saw incident.

157-2444-151 On 8/15/67, Former FOIA(b)7 - (D) advised that GLOVER was present at a third meeting of the SDG which was held on the Homochitto River off Highway 98 about three or four miles from Meadville, Miss. GLOVER had a sawed-off shotgun with him and shot it a few times. Source advised that sometime later there was another meeting held at Clear Springs Lake, which is located a few miles west of Meadville, Miss., and GLOVER was present for this meeting. Source advised the next meeting of the group was the fishfry at the Wildsville, La., residence of JAMES FREDERICK LEE on 6/26/65 and GLOVER was present. Source stated that two or three years prior to that time, he heard that TOMMIE JONES, T. L. TORGERSEN, "RED" GLOVER, and possibly E. D. MORACE and "RED" LEE had a project to whip a Negro who lived on Horse-shoe Lake Road west of Ferriday, La. This Negro raised quail, pheasants, and the like. Source understood that these men had been after the Negro on several prior occasions. On this occasion the Negro's wife shot TOMMIE JONES with a shotgun when they tried to get the drop on the Negro at his bird pens. It was necessary to get a doctor to remove the shots from JONES' body. The Negro is still living there and no further Klan action was taken against him after this incident.

157-2444-153 On 8/17/67, FOIA(b)7 - (D) advised GLOVER had told his attorney, BILL RILEY, the charge regarding the bush hog matter was a "frame-up" by the FBI. GLOVER told RILEY he had never been involved in anything personally but did not explain the comment. GLOVER told RILEY several individuals had disappeared in Concordia Parish, La., in the recent past but did not tell RILEY the identities or race of these individuals.

157-2444-154 On 8/21/67, FOIA(b)7 - (D) advised that E. D. MORACE met with GLOVER on the night of 8/21/67, and during their conversation, GLOVER inquired if MORACE still had the two grenades and GLOVER told MORACE he would bring him some "good stuff" soon. GLOVER said the FBI was still looking for explosives stolen in Miss. GLOVER said he still had enough explosives to fill up the trunk of a big car. GLOVER and MORACE mentioned the incident where a man who is now a police officer in Natchez, Miss., was beaten some year or more prior to that time. MORACE asked GLOVER if he knew about this incident and GLOVER replied he would tell him about it sometime.

JN 157-2444

157-2444-155 [FOIA(b)7 - (D)] advised he had never been contacted by RALEIGH JACKSON GLOVER and he may have previously mentioned GLOVER's name in connection with the SDG because he may have recalled JAMES LEE SCARBOROUGH mentioning GLOVER's name.

157-2444-156 On 8/1/67 [FOIA(b)7 - (D)] advised that GLOVER is evidently having financial difficulty since he allowed his nephew and niece to take his Buick and make all the payments. GLOVER still contends that he is telling the truth regarding the bush hog being on the property in Kentwood, La., when he bought this property. On 7/29/67, GLOVER was observed at the Bonanza Club in Ferriday, La., and was seen giving MORACE one box of carbine ammunition and one roll of plain stovepipe wire. MORACE was heard to say that GLOVER either mistakenly gave him the wire thinking it was some type of dynamite fuse or feels that GLOVER is becoming mentally deranged.

157-2444-157 On 8/15/67 [FOIA(b)7 - (D)] advised GLOVER is still issuing silver dollars to persons being accepted as members of the SDG. Source advised that GLOVER was in attendance at the fishfry held in 1965 on June 26 at the residence of "RED" LEE near Wildsville, La. This source furnished the same information regarding plans of members of the SDG to whip JAMES WHITE, the quail raiser on Horseshoe Lake Road, as the information furnished by [FOIA(b)7 - (D)] on 8/15/67 as reflected in the correlation paragraph regarding Serial 151.

157-2444-158 On 8/29/67, [FOIA(b)7 - (D)] advised that on 8/25/67, JERRY MOON and GLOVER had a conversation in which MOON asked GLOVER about the bush hog trial. GLOVER said he was going to be tried about September 7, 1967; but he said he was not going to be tried for stealing the bush hog, that it was just a ruse to get him up there, that actually they were going to try him for the bombing of WHARLEST JACKSON. GLOVER was upset over the fact that the courtroom might be filled with "niggers."

157-2444-159 On 8/31/67, [FOIA(b)7 - (D)] advised RED GLOVER indicated he would not know the date of his trial until about a week before the scheduled date. Source asked GLOVER for a list of the jurors and GLOVER said he was going to get several copies of the jury list.

JN 157-2444

157-2444-160 On 8/31/67, [FOIA(b)7 - (D)] advised GLOVER was in the process of selling his Buick and obtaining an old 1955-56 model green Plymouth which he presently is operating. Source advised he did not know that GLOVER had returned to Vidalia, La., to live and did not have any knowledge that GLOVER was in the Klan.

157-2444-161 On 9/6/67, [FOIA(b)7 - (D)] advised he had seen RED GLOVER at work at Armstrong and RED had indicated he was not worried about the case against him in Kentwood, La., but was real concerned over the trial at Fayette, Miss., over the stolen bushhog.

157-2444-162 On 8/16/67 [FOIA(b)7 - (D)] advised GLOVER is known to be a member of the SDG. Source advised SONNY TAYLOR and GLOVER are known to have carried some type of lighter fluid in GLOVER's car which was used to burn Negro cars.

157-2444-163 ON 9/5/67, [FOIA(b)7 - (D)] advised that GLOVER was very suspicious of JONES as being an FBI informant and felt that JONES must be eliminated, stating, "We will take care of that son of a bitch."

157-2444-164 On 8/29/67, [FOIA(b)7 - (D)] advised E. D. MORACE met with GLOVER on 8/23/67 and GLOVER stated he wanted MORACE to get two or three men and drive to Kentwood, La., to express appreciation to the men at Kentwood who made GLOVER's bond. Source stated GLOVER also suspects BUCK HORTON of furnishing information on him. GLOVER said he guessed the SDG would have to start meeting again pretty soon.

157-2444-165 On 9/13/67, [FOIA(b)7 - (D)] advised that GEORGE METCALFE's name was mentioned at one of the SDG meetings held on the Homochitto River near Meadville, Miss. Source stated he believed GLOVER said that METCALFE's home should be burned. Source stated he thought the reason GLOVER wanted to burn METCALFE's home was because METCALFE was, at that time, connected with the Council of Federated Organizations (COFO) in Natchez, and he would sit on the front porch of the COFO house and the white COFO workers would sit in his lap.

JN 157-2444

157-2444-166 On 9/11/67, [FOIA(b) 7 - (D)] advised he had heard BILL RILEY, GLOVER's attorney, comment in the recent past that the bush-hog incident was a front for some other incident which happened at the same time. RILEY said if he ever got out of this case, he would like for GLOVER to sit down and tell the FBI about the matter because it was a very funny story.

157-2444-167 On 9/20/67, [FOIA(b) 7 - (D)] advised GLOVER was at a meeting of SDG members held in Natchez, Miss., on 9/9/67 at the home of JAMES F. LEE, from where they proceeded to a riverfront park in Natchez.

157-2444-168 On 9/8/67, [FOIA(b) 7 - (D)] advised he was not familiar with the SDG and stated R. J. GLOVER was one of the most Christian men he had ever known and would be very much surprised if GLOVER was involved in the SDG activities. He said he believed GLOVER was being framed on the bush hog theft.

157-2444-169 On 9/12/67 [FOIA(b) 7 - (D)] advised GLOVER had said, regarding TOMMIE LEE JONES, "We'll get that son of a bitch yet." GLOVER advised source about two years ago how the beating of ROBERT WATKINS and RICHARD JAMES came about. [REDACTED]

[REDACTED] contacted the "Wrecking Crew" of the Ferriday - Clayton, La., Unit of the Klan and requested that JAMES and WATKINS be beaten. The reason for the requested beating was unknown. GLOVER parked his car as if having car trouble and when JAMES and WATKINS stopped to help, the other Klansmen jumped from the bushes and seized them. Those involved besides GLOVER were TOMMIE LEE JONES, JAMES LEE, JAMES SCARBOROUGH and [REDACTED]. GLOVER stated he was for killing the Negroes and he was not going to just beat any more Negroes and have it reported. GLOVER told source on 9/12/67 it appears his case at Kentwood, La., is coming up for trial. GLOVER said the attorney in Baton Rouge, La., could get the charge on GLOVER dropped for \$2,000. FRED SCHIELE said he would put up \$1,000 if GLOVER could raise the rest. GLOVER said, "If we must raise \$1,000 we cannot do it legally." GLOVER said the boys in Kentwood, La., had the Assistant District Attorney under their thumb and can tell him what to do and he can get this case put off. GLOVER said he was going to Kentwood on 9/13/67 and talk to his friends there to try to decide whether to keep prolonging the case or to use the Baton Rouge attorney and have the whole thing handled immediately.

JN 157-2444

157-2444-170 On 9/15/67, [FOIA(b)7 - (D)] advised that GLOVER and his wife had moved into a small house with a two-car garage under it in Washington, Miss. GLOVER is still suspicious of TOMMIE L. JONES and said, "One of these days, he will be looking down both barrels of my shotgun." GLOVER once told JONES, regarding persons talking to the "Feds," if he ever found out who it was talking, "I would blow his brains out and if it were you, you'd get it." GLOVER told source his bush hog case was coming to trial on 9/18/67 and stated he was not the least bit worried about the case.

157-2444-171 On 9/19/67, [FOIA(b)7 - (D)] advised GLOVER had told E. D. MORACE that he (GLOVER) had someone watching TOMMIE L. JONES' home and also watching JONES at the International Paper Co.

157-2444-172 On 9/27/67, [FOIA(b)7 - (D)] advised that JAMES LEE and R. J. GLOVER picked up L. C. MURRAY and JACK SEALE in the Morgantown area of Natchez, Miss., on 9/24/67 and the four of them went to the home of NORMAN HEAD, Concordia Lake, La., where NORMAN HEAD and E. D. MORACE were waiting for them. While en route to HEAD's residence, GLOVER put his double barrel shotgun together.

157-2444-173 On 9/26/67, [FOIA(b)7 - (D)] advised that on 9/24/67, JAMES F. LEE, R. J. GLOVER, L. C. MURRAY, and JACK SEALE drove from the Natchez, Miss., area to the new residence of NORMAN HEAD on Lake Concordia, La.; in the old 1955 automobile of RED GLOVER.

157-2444-174 On 9/29/67, [FOIA(b)7 - (D)] advised that during conversation with RALEIGH JACKSON GLOVER on 9/28/67, GLOVER said he had paid Klan attorney WILLIAM RILEY \$750, is broke and has lost his car and inquired if the \$400 excess of the Klan raffle of tires (being held for the BEN CHESTER WHITE murder defendants) would be available for his use as he was desperate. Source gave GLOVER check for \$25 on the Britton & Koonce Bank.

157-2444-177 On 9/20/67, [FOIA(b)7 - (D)] advised he was of the opinion GLOVER had given JAMES FORD SEALE, who is a member of the SDG, his silver dollar.

157-2444-178 On 9/26/67, [FOIA(b)7 - (D)] advised JOHN DAWSON had told him that sometime in 1963 GLOVER or JAMES SCARBOROUGH contacted REGGIE P. CARTER and asked him to get some Mississippi men and meet with them at a location in Louisiana.

JN 157-2444

157-2444-179 On 9/29/67, [FOIA(b)7 - (D)] advised he has not seen or visited with GLOVER recently.

157-2444-181 On 9/29/67, [FOIA(b)7 - (D)] advised GLOVER was still talking about his poor financial shape, stating he had paid BILL RILEY, his attorney in the bush hog matter, \$700 and had lost one of his vehicles because he could not pay for it. He further stated the Internal Revenue Service wanted over \$100 from him in connection with one of his past income tax returns.

R. P. CARTER said E. L. MC DANIEL, then Province Investigator for WKKKKOM, would not give his approval for the commission of these projects and they were never mentioned to him again. DAWSON told source, however, that both of the above mentioned places were burned a few months after CARTER told DAWSON about the proposed projects. TAYLOR and LEE discussed GLOVER's stealing the bushhog and LEE said GLOVER had nothing to worry about since there was no evidence connecting GLOVER with the theft. On 8/30/67, LEE appeared at the TAYLOR residence in Harrisonburg, La., accompanied by GLOVER. GLOVER explained his position to TAYLOR regarding the chain saw and TAYLOR said although he did not appreciate how GLOVER had treated him over the saw, he would stick by GLOVER since he was in trouble. LEE said he and GLOVER had come to see TAYLOR to warn him that TOMMIE LEE JONES was an FBI informant and to obtain his thinking as to what should be done about JONES.
